**Subject:** Mark your calendars: March 4-6, 2019 in Dallas, Texas

---

March 4th - 6th, 2019 | Dallas, Texas

Save \$200 with Advance Registration by Friday, December 14th

On March 4-6, the seventh annual Public-Private Partnership Conference & Expo returns to Dallas with over 1,250 senior representatives from governments, higher education institutions, and leading firms in the global construction and financial markets.

The conference attracts professionals from all corners of the industry and provides a valuable opportunity to facilitate new partnerships with industry peers and public sector partners.

Attendees will discover new alternative project delivery methods, strategies for implementing successful P3 projects, the nuts and bolts of how deals work, and how to manage risks associated with legal and financial frameworks.

Attendees will participate in interactive panels, workshops, and conversations specifically tailored to the needs of public agencies evaluating P3s. The conference is designed for all levels in the market including those beginning to explore P3s and seeking to better understand where alternative and accelerated project delivery methods can be applicable.

Visit our website for the latest program updates.

Register by Friday, December 14th to save \$200.

## 2019 Program Preview

Over 150 industry thought-leaders and practitioners will discuss their firsthand observations of P3 projects of all sizes, and explore proven approaches for optimizing private sector innovation and achieving on time-on budget delivery to develop and construct infrastructure assets.

The agenda will cover topics such as when P3s do and do not make sense, what are the major considerations that need to be made when choosing this route, how can they can save money and time when dealing with capital repairs and deferred maintenance, and what are some of the first steps to make when considering the P3 route.

Through a variety of formats including keynotes, case studies, panels, workshops, and networking opportunities, the program is designed for attendees to deepen their

understanding on the value proposition of P3s, and their role in the delivery of essential infrastructure.

## Who Attends?

State & Local Governments | Transportation Agencies | Universities | P3 Experts |  
Developers | Investors

The conference is a must-attend event for those who want to stay current on project delivery trends, meet with leaders behind projects in the U.S., and network with development experts who have helped shape policy and navigated partnerships from concept to completion.

We also understand how connecting with industry peers at P3C is one of the most important objectives of attending the conference, so we've designed this year's agenda to maximize your networking time. Through three receptions, multiple networking meals, and 1-on-1 meeting stations, we've laid out the 2019 conference so you can avoid the hassle of pre-planning and the necessity for off-site meetings.
