Director Smith and Secretary Hall,

We have received some questions regarding the coverage/extent of Executive Order 2016-21. We have confirmed that it applies to any fuel type moving to, from, within, or throughout the State of South Carolina. We are not planning to issue a SC specific order as we feel the current Order covers all fuel movement within South Carolina.

Please let me know if you have any questions or concerns.

Director Smith and Secretary Hall,

Today, Governor Haley issued Executive Order 2016-21, waiving hours of service regulations for the uninterrupted supply of gasoline and other fuels for the emergency in Georgia. Attached is a copy of the Order. If you have any questions, please let us know.

Thank you,
