

Arm your officers with knowledge

FOR ALL SITUATIONS AT ALL TIMES

V-Academy's comprehensive training management solutions allow you to train your officers minds and protect their lives. Bring the nation's leading training experts straight to your officers with our high quality, professionally produced courses via our cloud-based training management system (TMS).

Records Management

Track training progress automatically and streamline the record-keeping process with integrated digital submission to your state accreditation agency.

Course Creator

Enjoy full flexibility to create your own courses using slideshows, documents, and videos. Add components such as assessments and discussion threads in just a few clicks.

Reports & Analytics

View comprehensive training reports and analytics to keep your finger on the pulse of your officers' performance. Dig deeper by reviewing how your officers engage with courses.

Communication Tools

Share updates and resources easily from an integrated communication hub, allowing you to post department wide announcements, send secure messages, and schedule training.

Comprehensive Support

All this comes complete with world-class support services, including 24/7 technical support, training and orientation, and cloud-based access so you and your officers can train anytime, anywhere. Our outstanding support helps explain why our 24/7 technical support team has a 99% customer satisfaction rating and we retain 99% of our partners each year.

The Complete Package.

We believe people across America deserve safer communities and the way to do that is by ensuring our officers have ready access to high-quality training anywhere, anytime. Save your department time and money by reducing travel, per diem, overtime, and shift coverage costs without compromising the quality of your training program.
