Hi Tony,

Are you responsible for complex case management, chronic care coordination, clinical outcomes, member experience, or disease management at your organization?

Then don't delay! Register now for the **Diabetes Cost and Care Management Strategies** conference to be held on **September 22-23** in **Chicago**. Our program has been pre-approved by the Commission for Case Manager Certification (CCMC) for board-certified case manager continuing education credits. Plus, **we have extended our early bird registration rate through August 12**, making this conference an *exceptional value* for your training dollars!

Featured Session

The Utility and ROI of Complex Case Management

- Using complex case management programs to deliver cost-effective and timely care to members with complicating co-conditions
- Explore the value of complex case management in bringing together all the components of care and promoting optimal health and functioning of members
- Assessing the intensity of services needed by members with diabetes and other diagnoses
- What is the return on investment (ROI) of complex case management? Can

- deployment of case management services early in the disease impact ROI?

Peter Dehnel, MD, *Medical Director, Case and Utilization Management* **BLUE CROSS
BLUE SHIELD OF MINNESOTA**

Continuing Education Credits

This program has been pre-approved by The Commission for Case Manager Certification to provide continuing education credit to CCM® board certified case managers. The course is approved for up to 11.25 CE contact hour(s).
