Unfortunate, I cannot edit the document from my phone.

The purpose of the order will be to waive hours of service requirements for trucks responding to the emergency or carrying fuel, supplies, or other goods due to NC's state of emergency for winter weather, which is statutorily required.

Once signed, I will send to DOT and DPS, so they can be aware. I'll also need to send to industry (I have a list of email addresses).

To prepare the order:

- All GA references need to be replaced with NC using info from McCrory's EO.
- And then the "supplies" that need to be replaced need to be worded to include the delivery of fuel, goods, and services.
