Bennett Edisto state parks since Friday there is very little peep in the women's bathroom and I have been unable to shower the current temperature in the women's bathroom is 45 degrees I complain to the desk and nothing was done I can hear the heat running in the men's bathroom and my husband says it's warm in there the heat occasionally comes on in the women's bathroom but is insufficient. I would like to take a shower but not while it's 45 degrees could you please get somebody to fix it turn it up whatever

Still to cold to show, I have arthritis. The handicap bathroom has been out of order the entire time. I'm going to have to get a hotel so I can shower
