Subject: FW: SC MMIS RFI Responses - FOIA Request

Brenda,

We received a FOIA request from Xerox concerning the responses we received from a Request for Information we published back in late November (see the request at the bottom of this e-mail). We were expecting this request and I already have redacted versions of the documents containing confidential information.

The process has changed since I last responded to one of these, so please let me know what I need to do at this point.

Thanks!

Gordie

Hi,

We are now running all FOIA requests through legal, but they way I initiate them is to send them first to Brenda James and she enters them into the log, makes copies and notifies all related parties. She will then send the request to Rick Hepfer in legal who oversees the FOIA process and he will contact you for coordination.

I believe if you send everything to Brenda she will make sure it is processed correctly.
Please let me know how I can be of further assistance.

Thanks,
Kim

Kim,

We received a FOIA request for the responses we received to a recent Request for Information (RFI). I was expecting this request, and we have redacted copies of all of the responses that contained confidential information. This should be pretty easy to respond to.

I haven't responded to one of these in a year or so, so I'm not sure of our current process.

Can you provide some guidance on this. Do I need to fill out a FOIA sheet or anything?

Thanks!

Gordie
