Paul –

Hope you are doing well. I had a question I thought maybe you could answer....I know that agencies are prohibited from spending money on food for employees (unless part of employee appreciation, part of training, etc.) What are the general provisions regarding spending for food for those outside of the agency for an event? Specifically I am trying to make sure I understand how this functions for Governor's office/mansion. Can you point me in the right direction?

Richele
