**Subject:** Governor's press release archives

---

Ms. Adams,

I am seeking a copy of Governor Haley's press conference announcing a state program seeking to reduce the incidence of Adult type 2 diabetes in the state. I can't remember the year of that conference, but I do remember that there were several members of several state agencies on the stage with the Governor including Catherine Templeton when she was either still at LLR, or more probably, after her reassignment to DHEC.

Also, is there an archive of the Governor's press conferences on her web site?

I would appreciate your assistance in this matter.

Dr. Ira Williams
