**Page Two – March 9, 2015 “Called” County Council Meeting**

The proposed Town of Blenheim Recreation was a big topic that was discussed and it was mentioned that DHEC had provided detailed requirements to bring a parcel which is presently owned by the Town of Blenheim up to code if it were to be sold to the school and used for recreation. These requirements were made known to the Town of Blenheim and to the School Board officials. Mr. Jackie Branch stated that since the School Board has a new member representing the Blenheim area that a meeting should be scheduled with the Mayor and other officials in Blenheim to bring this topic back up to see what could be worked out.

Mr. Robert Goff stated that the School district presently owned approximately 17 acres around the new Blenheim school that could be used for recreation but the School Board was waiting to see if the additional tract could be obtained from the Town of Blenheim before beginning any recreation plans for the area. Mr. Goff stated that he would like to see football, baseball, softball and soccer fields for the Blenheim area but that things needed to be worked out before any work or real planning began.

Mr. Anthony Woods asked where the Blenheim school children played sports presently and Mr. Michael Coachman responded that Blenheim students travel to Bennettsville for home games. Mr. Woods stated that he would like to see a large park created for the Blenheim area since the school is new.

Mr. Robert Goff stated that he would work with other School Board members and try to get the recreation looked again for the Blenheim area.

Mr. Ron Munnerlyn, Chairman, stated that he would like to meet again after further discussions were held by the School Board members with DHEC and the Town of Blenheim officials. Mr. Goff stated that he would try and work something out and would get back with us. Mr. Munnerlyn reminded the School Board members that they should sponsor the next meeting.

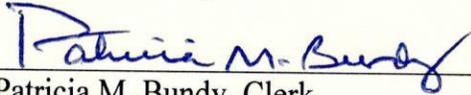

With no further discussions held, the meeting ended at 6:38 p.m.
