**It is from Oconee State Park and is a pic of one of the cabins hidden by the trees. I may have the wrong date of 2006 on it because I did not set the date on my camera. Thank you.**

I have tried to upload my pic a couple of times but haven't seen it added. Is there something special I need to do?

Gloria, once you submit a photo there is an "approval" process that the photo must go through before it enters the online gallery. This is to ensure no inappropriate photos are submitted. Can you tell me what park or what your picture was of? We will take a look and see if we can find it. Thanks!
