Subject: Need names of four people at Hemp Meeting in Columbia

Your co-workers are very disrespectful and condescending while not giving me the time of day. They should all be fired. I tried to give them 1998 South African Hemp Feasibility Report but they were too good to talk to me. Would you send me the name of President of Clemson so that I can report their abuse of Voting Citizen and try and get educated folks working on HEMP for the Citizens of South Carolina. Treated me like I was a piece of Shit!!!

Thanks! Ricky Loftin (803) 716-7315.....The report gives every country that is doing hemp, yield of crop, making material, water usage.....and could supply necessary information to format OUR HEMP POLICY.....but NO.....to good to talk to public or tax paying Citizen.....They sure took up for Mark Keel (SLED) lies and deceit and was up their ass and talking...WHY????

These are the lies and deceit by Mark Keel (SLED) and Kathy Richardson on trying to keep Citizens from having opportunities to bring Billions to South Carolina with Environmental Green Industrial Revolution. I have personally supplied Government Facts to SLED and Keel since 2008 without any response from ALL LAW ENFORCEMENT AGENCIES.....THEY DO NOT WORK FOR THE CITIZENS. Citizens should be responded to for positive facts.....Yes! I'm a criminal and done my time that was court ordered and can not find a job which they want to throw in my face instead of helping me achieve!!!!

Clemson Personnel in attendance would not listen to Citizens and was too important to learn the facts on Hemp.....Dr. Terry Walker should handle all hemp things in the future because those four treated tax paying Citizen like Shit.....I'm calling President of Clemson today and express my displeasure with them getting paid by tax payer money while supporting lies and deceit. They need to be fired along with Keel, Richardson.....

Contact Senator's Coleman, Davis, Martin, Corbin, Matthews & Sabb to get report....Mercedes Benz wanted to build 100 Million Dollar Hemp Plant in South Africa in 1998 to benefit from HEMP.....Keel says it's only novelty usage.....Levi Straus is using hemp in jeans first time in 40 years.....
