Hey,

One question...for the Local Government Fund, they put the "annualization vs. standard practice" number up on the main line, and then the "annualization vs. permanent law" number in parentheses underneath.

They treated Medicaid differently, though. They just have the cigarette tax portion on the line...but don't talk about the reckless/unsustainable approach to the MSA. They're burning two years' worth of \$70M payments, even though one of those won't be recurring. Shouldn't that also be referenced here in some way?
