**SCDMV LAW ENFORCEMENT BULLETIN**  
**November 8, 2005**

Effective December 1, 2005, SCDMV will begin issuing newly designed dealer plates exclusively to vehicle dealers and wholesalers. The new plates have a canary yellow background and red lettering. Current dealer plates have a white background and blue lettering.

Although all current dealer plates will eventually be replaced as they expire, the plate replacement process will not be completed for one full year; therefore, there will be two types of dealer plates during the next year.

For further Dealer License or Dealer Plate information please contact the SCDMV Dealer Audit Unit at (803) 896-2611.
