Subject: RE: Ethics Document Question

Sorry for the delay in responding. We maintain the entire case file, but only certain documents are public. See S.C. Code Ann. Regs. 52-718 ("After the final disposition of a matter where a violation is found, the Commission shall prepare a public record which shall consist of the pleadings and record of the hearing. The Commission's internal and investigatory papers including attorney work product shall not be made part of the public record."). The record of the hearing is contained in the Decision and Order. In addition to the Decision and Order, any exhibits offered at the hearing would be part of the public record.

Is there any particular document that you are seeking, and I can tell you whether it's public or not?

Best regards,

Michael

Subject: Ethics Document Question

Good Afternoon Michael,

We spoke a few weeks ago on another question. I was hoping you may be able to answer another question for us. Following a confidential hearing what documents relating to that hearing does the commission retain?

Thank you for your help.
