Hello Nikki,

So, you've been tasked to "make open data happen." Now what? Do you need to
make open data work like other jurisdictions? Can you just do what they did?
You don't need to. You can be successful on your own terms.

On October 27 at 7:30 a.m. PT / 10:30 a.m. ET, join a live stream straight from
the Socrata Customer Summit! New York State, San Mateo County and
Montgomery County will join us onstage to share candid tips and tricks and start
a collaborative conversation for rolling out open data in government.

Open data is still relatively new, and many jurisdictions are pioneering new
approaches. Don't miss your chance to hear from panelists who've all been there
and worked hard to succeed in a variety of ways. Sign up today to receive
reminders about the event!
