Ted: I want to get your thoughts on the below. We would love to do away with the whole regs dealing with forestry but we may explore deregulating it in exchange for moving it completely to the Forestry Commission. Thx.

Grant,

I met with the SCFA Board and they voted to support keeping the Board of Registration for Foresters but authorized me to start discussions with LLR about transferring the Board to the SC Forestry Commission.

Let me know when you would like to discuss in more detail.

Cam:

Just wanted to circle back around with you on the Dereg document that we are required by law to send to the Governor Office and discussed today in subcommittee.

Sorry for the late notice but as you could tell the main debate is not with majority of the licenses in the dereg document - including the Forestry Board. If something changes on that front, we will let you know.

Let me know if you have any questions once you get a chance to digest the content and once you chat with your members, lets chat to see if there is an appetite to move the Forestry registration process and board to Forestry or even DNR.

Thanks and have a good Christmas.
