**Subject:** Fwd: Here it is today's editorial in Packet

---

My lawsuit it seems is Headed for Supreme Court of SC. The abuse and those behind it are coming to an end . Full page ads will continue this year in not only the packet , but Wall Street Journal challenging IRS 501-c6 non profit tax codes and violations by many Chambers and CVBs nationwide

for these codes . The abuse to IRS in just SC is in the millions , nationwide billions .

The Chamber , its abusive buddy board

And the lawyers refusing info to even the Packet , one of the largest medias in the USA was not good for them . Once you violate the press the power of the pen will prevail where the courts fail .  
Thanks
