Good afternoon,

On behalf of The Office of the Comptroller General, Materials Management Office and Bank of America Merrill Lynch, we are extremely pleased to announce an increase to the end-user rebate grid in conjunction with the new contract.

We have seen the success of this program and the volume growth over the years from adding new entities, program optimization and the addition of ePayables programs. Your hard work to effectively monitor and manage these programs has been tremendous. With the growth of the overall program, new rebate tiers have been implemented and will be retroactive to the August 1st, 2014 rebate period start date. In order to stay competitive and reward the program for its success, we think you will be excited to see the increases to the rebate program.

To continue your individual program growth, and earn more rebate dollars, please reach out to your Account Manager Tracey Wopperer to assist with an optimization and program review.

As always, please reach out to us with any questions. We look forward to a successful year and larger rebate earnings in 2015!

Sincerely,

Tracey M. Wopperer
