Subject: Online Petition To Find The Person Responsible For Baby Boy's Death
Attachments: Replacement for original content.htm

Hello,

I am sending you this email on behalf of 10,000 people that signed a petition on our website regarding the death of Baby Boy. People want an answer and what they want most is JUSTICE! The dog was dragged by a car for almost a block and no one was punished. Animals feel pain the same way that people do and we are afraid that some important clues to this investigation might have been overlooked just because the victim is a dog.

On behalf of all the people that signed the petition and the people that support the Facebook page <https://www.facebook.com/pages/Justice-for-Baby-Boy/836027603094781> we ask you to reopen the investigations and provide a proper report regarding this case. In the attachment you will find over 10,000 signatures that were added by people all around the world to the petition. The link to the petition is <http://www.petitionhub.org/Justice-For-Baby-Boy-Forced-To-Live-a-Life-Of-Abuse-And-Inhumanely-Destroyed-t-577>.

You have the moral obligation to provide all these people with an answer regarding to this case. They all want to know what happened to the dog and who is culpable of his death.

I hope you will take time and provide us with an answer regarding this case.

We, the people that care about animal right and welfare put our trust in you and hope that BabyBoy will get justice!
