Dear Governor Haley:

I am a fourth grader at Poly Drive Elementary in Billings, MT. For a Mother's Day gift, we are making a cookbook using our favorite recipes and one from each governor of our fifty states. I chose you and the great state of South Carolina. Would you please send me your favorite recipe as soon as you can? Our Cookbook will be extra special because of it.

I would also love to receive a packet of information about South Carolina because we will be writing a report about each state we have chosen. It will be really nice to get mail from you!

Thank you for your time.

Sincerely Yours,
Kearstin
