Will do. Thanks, Cheryl.

On the executive order, as I mentioned to you previously, Holly is taking a look into what was done before and the necessity of doing it this time through.

Thanks again.

David,

Attached is the revised project plan reflecting yesterday's decision to delay the communications plan by a week. Can you let us know whether there are any other items your office want adjusted?

I note that the executive order is an open item. Please let us know when you can whether the order is needed, and any impact that will have on the project plan.

Thanks!

Cheryl
