Dana Turner Jill Lownes thanks

at 0:29:08 on 12/03/2020 UTC

Jill Lownes Dana Turner we had the same site 3 times this spring/ summer/ fall. Just know that the hookups are on the wrong side. But we still back in and just run the lines under. But it sucks bc then the fire pit is on the wrong side. But i don't want to pull in bc almost all of our windows are on the passenger side and i want to look at the view

at 0:31:21 on 12/03/2020 UTC

Carl Berube Cindy Sands There are lifeguards from May till Labor Day

at 0:52:34 on 12/04/2020 UTC

Carl Berube Jill Lownes you can put the fire ring wherever you want. But yes if you are going to back in for the view, there's not much room between you and 107.

at 0:56:33 on 12/04/2020 UTC

Carl Berube Cindy Sands correct, but that video was shot last summer. It's been posted on the page several times since then.
