**Subject:** Fw: Welcome to CVS Health Community Relations Online Account

---

Hey, I created an account this morning, and when I received the email below and went back to log in, it won't accept the password that I just created. It may be because it's sent me a temporary password, as indicated by the parentheses, but, as you can see, I can't tell what it is.

Anyway, can you pass this on to someone who can help me? Thanks

DV

Dear Applicant/Grantee,

Your CVS Health Community Relations account has been created! You can login to your account, <https://www.grantrequest.com/AccountManager.aspx?sid=500>, at any time.

Your password is (password hidden to protect your privacy). For security reasons you will be asked to change it when you first log in.

You will use these log in credentials to access any submitted application forms or to submit information via an online requirement form.

Thank You,

CVS Health Community Relations Team
