RE: SC Statistical Profile by Counties Publication Review Completion of Public Officials and Policymakers' Feedback Survey

Please see the attached 2016 Statistical Profile by Counties publication. This document provides a detailed statistical snapshot of the State of South Carolina, as well as each of the state's forty-six counties. For each county and the state, the publication provides data on population, household and family income, poverty, maternal and child health, criminal justice statistics, unemployment, education and business activity.

We at the South Carolina Commission for Minority Affairs are asking that you take the time to review the publication. Upon completing your review of the publication, we are also asking that you complete and return a brief online survey entitled, "The Public Officials' and Policymakers' Feedback Survey". The survey seeks your feedback on the Profile document, your general knowledge of the SC Commission for Minority Affairs and your input regarding subject areas upon which the Commission should focus its future research efforts. To access the on-line survey, please click on the following link:

<https://www.surveymonkey.com/r/CMAPublicOfficialsSurvey>

We are asking that you please complete and return the on-line survey to us no later than Monday, May 30, 2016. Thank you very much for your review, feedback and cooperation.

Sincerely,

A handwritten signature in black ink, appearing to read "Thomas J. Smith".

Thomas J. Smith  
Executive Director
