Dear Governor Haley

I have written to you before about an inmate that is the Columbia prison. His name is Hubert Floyd Brown 00161888. Nothing has been done. He is still harassing me his ex wife (my daughter) also another one of my daughters. He is also started harassing my niece and 2 of my nephews on face Book.

He has created a fake account under his ex's name so he could get my family and friends to accept it. He is on there everyday.

He tells my daughter he is going to kill her and us. And if he ever gets out he will go through with it.

This is a couple of things he has posted.

- ① LAUGH NOW CRY LATER For all your m f that counting me out. Be careful. Better ask some body.
- ② never get too attached to anyone unless they also feel the same towards you because one sided expectations kill you.

These sound like threats to me I want something done about this person. He is crazy.

I have called to talk to the warden but he is always in a meeting or

unavailable. I have talked to his secretary several times and whoever is working at night. I have also wrote to the warden several times and nothing has been done.

He says he is going to get out. But I hope he never does. He is in there for Burglary and Attempted murder. (2 life sentences)
He has been ~~in~~ jail since he was 9 years old. He got out in 2009 after serving a 25 year sentence for rape. He went back in for the other charges in 2012. I have called the police several times on him for domestic violence on his ~~ex~~ wife ~~and~~

Something has got to be done we cant take any more, and we cant live our lives in fear

I would appreciate anything you can do to put a stop to this and make sure he never ever gets out.

Thank you

Olivia

I am also sending the Warden another letter.

Floyd knows I wrote to you
