Dear Ms. Griffin

After an investigation of the reported incident, the Area Administrator for Sumter County states that this driver is very conscientious of the rules and regulations of driving a state vehicle and has never had any other complaints regarding her driving. She also stated that after a conversation with the driver regarding the incident, the driver does not recall an incident occurring, stating that the driver does not believe that she could have been speeding, because she was looking for a particular street that was off the road listed for the complaint.

Should you need any additional information or have any questions regarding our response, please do not hesitate to contact me directly at 898-2631.
