Subject: Health Care Bill ~ Website email from Calvin Schoon

---

Lt. Governor Bryant, Please hear me - STOP "the forced partnership" between me, a taxpayer "and the abortion industry." The Health Care Bill must fulfill the promise made to taxpayers and the unborn. The Health Care Bill must STOP "subsidizing abortion and must re-direct abortion giant Planned Parenthood's taxpayer funding to community health centers." Thank you for your service and for representing me, citizens in Columbia, SC. Mr. & Mrs. Calvin W Schoon
