Subject: Senator Lee Bright constituent concern

Good afternoon Katherine,

Mr. Daniel Steward (864) 439-5589
Limeman, SC

Mr. Steward phoned to place request with Governor Haley to open Buck Hall Federal Park. This park is strictly run by volunteers, the volunteer camp host is currently there camping, but the general public is not allowed to camp nor are the unmanned boat ramps open for use by anyone. It is shrimp season, which only lasts 10 weeks, he and other shrimpers have prepaid for a campsite, since that is done via computer and reservations are made well in advance.

Thank you Katherine for your time and assistance with Mr. Steward's concern.
