Hi Kathy! There are 3 upstate parks with swimming areas, and I have checked with all and ALL are open. The only time they have been closed is due to lightning in the area. The closest to you would probably be Paris Mountain State Park. Here's more info on the park and swimming area: <http://www.southcarolinaparks.com/parismountain/introduction.aspx> Table Rock and Oconee state parks also have swimming areas in the upstate. Please let me know if you need any other info. Thanks!

We live in the Greenville/Upstate area of SC. Would like to go to one of the lake swim areas tomorrow if the beach is open. I know that some are closed due to the high water levels. Which ones closest to our area are open?
