Yu have committed a despicable act by removing the Confederate Battle Flag. Guess you care for the "BLACK" race more than your own people and our heritage. I presume you don't know that blacks also fought under that flag and are not, boo hoo, depressed about it. You have about as much gumpsion a blackie Obama, the Kenyan born muslim occupying the white house. I really feel sorry for you and your state if those are the decisions yu make on a whim. I for one and probably the 1400 members of my society. will boycott south Carolina for you act of stupidity and down troding on the people of the Southern heritage to whom the flag belong, not you, not blacks or anyone else that do not understand the meaning of "battle flag",. So now are you going to fly the multi colored queer flag, or African flag.....what's next gov, you need to resign.....
