I agree the speed limit should be lowered and something needs to be done to help with the traffic flow to the interstate due to the increase of subdivision, schools and workers from the Nuclear plant.

I too live in a neighborhood off Broad River and have witnessed first hand the dangerous speeds that cars and semi trucks travel down this road.

Seb Milas

Irmo, SC · Aug 04, 2016

I have requested the speed to be lowered twice with the SCDOT. Once in 2012 and again early this year. Both times after a review they found no need to change. Their recommendation was to contact the highway patrol and have them be more active around our area. I hope this helps change someones mind.
