The Honorable Nikki R. Haley
Office of the Governor
1205 Pendleton Street
Columbia, South Carolina 29201

Dear The Honorable Nikki R. Haley:

This is a letter requesting just one hour of your time to meet with me. I know you are very busy. The reason I want a moment of your time is because I want to discuss the topic of helping others. Helping SC residence. I want to help others, but I want your input. My first order of business I want to look into the VA. I visited the VA once to discuss possibly volunteering, I was appalled at the fact it took me 15 minutes to find a parking space. As I walked through the VA in Columbia, I noticed people tired, I asked one how long they have been waiting, and they said 2 hours. Figured that why it was so hard to find a parking space. I am not a Veteran. But I feel very passionate about the people who put their lives on the line for our country and the freedom we take for granted.

I have a strong desire to help others not as a volunteer at a facility, I want it to be on a much larger scale. The VA is just the start researching financials, how the money is allocated etc..

I have an Alpha type personality, I research things to the core and I definitely don't trust media. I read transcripts of the 2 trials that sparked the Black lives matter movement. I am white, but I am far from prejudice. But I wanted to know evidence, jurors, and circumstances surrounding these trial. I blame the media for escalating not the cause but they threw gasoline on the fire. Feeding the tension, that led to some of riots and hatred in this nation. I am not a lawyer. But I look at facts not rumors or opinions of a reporter, TV networks. Before forming my own opinion.

I also am very curious about the life of a politician. How stressful it is. I also have ideas on changing the attitudes on how the public sees a Politian. Not just someone to love or hate. But to educate people that the government actually earns the paycheck they receive.

I will continue writing letters, sending faxes till some type of response is given. I prefer a private meeting, no media type, publicity type meeting. Again, I am formally asking to meet with you at your office for just one hour. It could be on your lunch hour. I know you are busy.

I believe Knowledge is power. If we educate the public on certain issues they would be less likely to Criticize. The public sees politicians as almost some type of deity or tyrant.

The Honorable Nikki R. Haley

Just as Knowledge is power, I believe understanding will bring compassion. Your name may mean 'little one' from what I read. But based on what I see in your body language, you show great passion and care about the residence of SC, and your character of strength is to me commendable and I truly respect. You brought jobs to SC. I always believed, governor is just a stepping stone for you. Congratulations on the UN ambassador position.

Just as people probably underestimated you, please don't underestimate me and give me a chance. I Believe I can make a difference, just as you do. That is why you are governor. I have no desire to be in politics, but I am happy being in the background making a huge impact and a difference. I am not asking for money or favor, just advice and direction.

Again, I am only asking for One hour of your time.

Sincerely,

[Your Name]
