Hello! According to beach rules, are visitors to the parks able to go up onto the dunes and travel behind them? I watched 4 individuals do this today and I seemed to be the only one concerned. My pictures are not great. When I thought to get my camera out they were starting to walk off the dune. If this is against rules, whom should I contact? This was at Huntington State Park. Thanks so much!

You are correct. People should not be walking on the dunes. Next time you are there and see this, please let a park ranger know and they will address it with the people.
