Subject: RE: Meeting to Discuss Emergency Procurement Process for Meals

I'm resending for Connie because I believe the email below was sent to the wrong address for Tony Kester.

Kathy Powell

Good Afternoon Tony,

We are very excited about the possibility of being a part of the drop ship meals in our region. You mentioned you could come down to meet with Dr. Mikota, Kathy Powell, and myself. I am forwarding you some available dates we have that will hopefully fit into your schedule.

November 4th –any time after 12
November 5th- anytime between 10:00am- 3pm
November 7th –any time after 10:00am

Please let me know what time is convenient and if none of these dates suit we will start again with the following week.

Thank you and I look forward to moving ahead with this venture between the LGOA and Santee-Lynches to better serve our most vulnerable elderly population.

Connie
