Good work, Roland.

I do suggest that the Return a little more specifically address why the time deadline for legislative action as suggested by the Plaintiffs and their suggestion for a Court appointed experts do not avoid the separation of powers problems. If all of you prefer that it be more general on those points, I defer to you.

Thanks.

Emory

I plan to read over the weekend. But I am sure it is good. Emory has some thoughts I believe. Does anyone need anything from me?
