scstateparks The Spider Lilies are in bloom! Make your way to see the largest population of Rocky Spider Lilies at Landsford Canal State Park. These beautiful flowers bloom each year along the Catawba River and can be viewed from the park by paddling or a quick hike. A 1.5-mile, round trip hike down the Canal Trail takes you to an overlook where the spider lilies can be best viewed. 📍: @seawitch_sc

leonardnsusan How long will they be in bloom? And is that an accessible trail?
at 14:51:20 on 6/04/2021 UTC

jessie.inspirelytravel @leonardnsusan through mid June and yes by trail. Very accessible trail for all ages, picnic area, playground, restrooms and visitor center. It's beautiful! We went on Wednesday.

cuthbert_house_inn How lovely! We hope to visit!
at 16:18:00 on 6/04/2021 UTC

nicolerembert @leonardnsusan we were there on Tuesday and saw a lot of people of all ages. One lady was pushing a walker. I think it would be hard to push someone in a wheelchair unless it has big tires. There were sandy and uneven areas and tree roots. Mostly flat trail.
at 16:30:25 on 6/04/2021 UTC

mimosxa I was there last weekend, great place. Easy trail.
