Subject: Draft Recomendations of House GOP Caucus Ethics Reform

Committee Members-

Attached is a draft of what I believe the Committee agreed to in Thursday's meeting. Please review and make any suggestions you believe are appropriate. I would ask that you "reply all" so that the entire group can participate in any conversation that takes place.

It is my understanding that Chairman Smith plans on the group presenting these recommendations to the full GOP caucus on Tuesday so, whatever input you have would be appreciated as soon as you are able to offer it.

I await your response(s).

Thanks,

Patrick Dennis
