Dear Governor Haley,

We care and share with you that
life should be an open book to all humanity
rich and poor.

We're hoping for a better future for
all.

God Bless America

Sincerely,

Joe & Winnie

Dear Joe:

Thank you for sharing your poem with me. President Obama and I understand that our country currently faces many challenges, but we also know these challenges bring about new opportunities.

While this Administration will continue to work tirelessly to address these issues, we all must become more accountable in shaping our collective future. I encourage you to remain active in your government, because America needs your voice and dedication at this pivotal time.

Again, thank you for writing.

Sincerely,

Joseph R. Biden, Jr.
