Dear Governor Haley,

I have recently heard the good news that President-elect Donald Trump has nominated you to be the United States Ambassador to the United Nations, and I want to extend my sincere congratulations to you as you undertake this critically-important appointment.

As you know, our decision to locate in South Carolina was because it is a globally-competitive environment in which we can build a globally-competitive product. That is a direct result of your leadership (and, for that, we are both proud and grateful). I am confident the United Nations will benefit from your leadership, as well.

The entire Daimler top management team joins me in sending our very best wishes, and thanks for a job well-done in South Carolina.

With best personal regards,
