5. Presentation by Mr. Larry Wilson and Mr. Don Herriott of the Business Advisory Council

A handout of the Council's Recommendations is **Attachment IV**.

Chairman Gilbert outlined a proposed timetable to move forward in response to this report. After discussion of this timetable, it was decided to move solicitation of nominees for the Task Force and the report of the Implementation Task Force forward by one month. **Attachment V** is the timetable as it was revised January 11, (since the date of this meeting). It is to be referred to the Executive Committee, who will meet prior to the February Commission meeting, and bring their recommendations to the full Commission at the February Commission meeting.

There was discussion of appointing a Task Force to make recommendations for implementation.

Dr. Lightsey expressed concern with regard to the language used with reference to the appointment of the task force to study the recommendations of the Business Advisory Council. He pointed out that we need to be very careful not to form yet another independent, decision-making committee; that we not bypass the colleges and universities and that we share all available information with regard to these recommendations with the Council of Presidents, providing them the opportunity for input in this process and the

Commission hearing their concerns. Dr. Lightsey summarized by saying he had no problem with the structure of the Task Force as long as: (1) we're not delegating too much, (2) we don't bypass the institutions in trying to move too swiftly.

It was decided that this matter will be further explored after the report from the Executive Committee.

It was agreed by consensus that the report be referred to the Council of Presidents and that the taking of names and appointment of the Task Force be moved forward by one month, as reflected in **Attachment V**. Mr. Gilbert then expressed the Commission's appreciation for the work done by the Business Advisory Council and the fact that the Commission looks forward to working with them toward implementation of whatever recommendations the Commission votes to adopt.

For the record: The correction of Mr. Herriott's name is recorded both in the minutes and in lists and reports of the Business Advisory Council.

6. Other Business

There being no other business, the meeting was adjourned at approximately 11:30 a.m.

Respectfully submitted,

Betsy R. Gunter
Recording Secretary
