## AGENCY'S DISCUSSION AND ANALYSIS

The South Carolina School for the Deaf and the Blind (SCSDB) was founded in 1849 and established with a purpose to provide specialized educational programming to a small number of students with hearing disabilities. Today, SCSDB serves students with sensory disabilities to include deaf/hard of hearing, blind/visual impairment, and sensory multi-disabled. SCSDB provides educational programming and services to students with sensory disabilities in South Carolina in order to assist these students to realize their maximum potentials through high quality educational programs, outreach services, and partnerships. In order to *Embrace the Possibilities* for every child, SCSDB serves children with sensory disabilities statewide. On campus, SCSDB provides a regular school day program for students. In addition to the instructional day program, SCSDB offers a full residential program to students that provides for the development of the whole child. Transportation is provided daily for local students. Additionally, residential student transportation is provided statewide to and from the home county to campus on a weekly basis. Students are picked up on Sunday afternoons and return home each Friday evening. Through Outreach Services, SCSDB provides statewide services in both education and accessibility. These services are offered in the local county to individuals with sensory disabilities, their families, and the professionals who serve them both directly and indirectly. In addition to the main campus in Spartanburg, Outreach Centers are located in Columbia and Charleston. The South Carolina School for the Deaf and the Blind is the state's specialized school for children with sensory disabilities.

For SCSDB, the agency strategic plan is a long-term plan with goals that embody the critical areas in which SCSDB has identified for focus in order to accomplish the mission and vision of the agency.

- **Goal 1:** SCSDB will implement the *Profile of the SC Graduate* for students with sensory impairments by 2022.

<b>AGENCY NAME:</b>	<b>SC School for the Deaf and the Blind (SCSDB)</b>		
<b>AGENCY CODE:</b>	<b>H75</b>	<b>SECTION:</b>	<b>6</b>

- **Goal 2:** SCSDB will ensure students are served in a safe environment on campus in order to realize their maximum successes through updated business continuity models by 2025.
- **Goal 3:** SCSDB Division of Outreach services will be the statewide leader for individuals who are deaf, blind, or sensory multi-disabled through expanded Outreach services.

### Goal 1 Update:

The *Profile of the South Carolina Graduate* has provided a focus for Goal 1 as SCSDB has worked to implement this profile for students with sensory disabilities. SCSDB has continued to work to improve student skills in literacy, communication, and written language. Under accountability measures established by the Education Oversight Committee, Brigance performance and Mastery of IEP goals continue to be measurement components for accountability. During the 2018-2019 school year, SCSDB realized an increase in overall Brigance performance from 89% to 96%. Student Brigance performance in English Language Arts increased from 93% to 99%. Student Brigance performance in mathematics increased from 85% to 93%. For the 2019-2020 school year, as a result of the Covid-19 pandemic, assessments were waived for the spring semester and thus, as SCSDB worked under a remote learning model, student Brigance assessments were not completed for the spring semester. As SCSDB returns for the 2020-2021 school year, assessments will be conducted to determine student levels in mathematics and English Language Arts under guidance from the SC Department of Education. Individual goals will be established for each student identifying any gaps in learning, and additional instructional support needed will be identified in accordance to each student's Individual Educational Plan (IEP).

In the area of IEP Goals, overall performance for students increased from 92% mastery to 93% mastery during the 2018-2019 school year as noted below. IEP performance information is not available for the 2019-2020 school year following the remote learning model during the spring as a result of the Covid-19 pandemic. As students return to campus for the 2020-2021 school year, IEP meetings will be held to determine student progress and set goals for the upcoming school year.

<b>AGENCY NAME:</b>	<b>SC School for the Deaf and the Blind (SCSDB)</b>		
<b>AGENCY CODE:</b>	<b>H75</b>	<b>SECTION:</b>	<b>6</b>

In the area of work-based learning and student transition, SCSDB continued efforts to improve opportunities for students for adult life upon completion at SCSDB. In the area of work-based learning, 100% of SCSDB students participated in work-based learning experiences. SCSDB has made great progress in expanding work-based learning experiences for students and will work during the 2020-2021 school year to explore additional opportunities that may be available and needed to support student growth in preparation for transition post completion at SCSDB. SCSDB will continue to partner with SC Vocational Rehabilitation and the SC Commission for the Blind to support student growth and transition. Additionally, SCSDB will explore additional opportunities that will be available to support work-based virtual learning experiences. In the area of student transition, 88% of students transitioned one-year post completion last year. Under the accountability system, student transition focuses on student placement within the first year of completion to school, work, sheltered workshops, or other agency/local programs. Data for the 2019-2020 school year is delayed, and SCSDB will work during the upcoming school year, as noted, to continue to support student activities for transition post completion.

## Goal 2 Update:

For Goal 2, SCSDB has continued to review and update business continuity models to ensure students are served in a safe environment. SCSDB now has a complete campus master plan from a recently completed facility study. This facility study evaluated current facilities and developed a long-range plan for facilities on campus. Currently, SCSDB recognizes a need for improved and updated dorm facilities, future plans for educational environments that are most conducive to learning, and upgrades to infrastructure and mechanical systems. SCSDB has worked to align the agency's Capital Project Improvement Plan to meet the recommendations from the campus master plan. SCSDB plans to begin the demolition of outdated facilities this year and will work to update mechanical systems in individual buildings in anticipation of future new facilities. SCSDB recognizes that future facilities will be dependent upon funding availability.

Additionally, SCSDB has reviewed the overall campus safety master plan. The plan has served and continues to serve the agency in emergency planning and emergency situations; however, SCSDB recognized the need to update the plan to insure strategies include the most recent guidance and expertise in the area of school safety

<b>AGENCY NAME:</b>	<b>SC School for the Deaf and the Blind (SCSDB)</b>		
<b>AGENCY CODE:</b>	<b>H75</b>	<b>SECTION:</b>	<b>6</b>

as well as annual guidance from the Department of Education and other experts in the field. Although this plan

is now complete, SCSDB does recognize that regular updates will be required, especially in light of the Covid-19 Pandemic with medical and safety guidance changing almost daily. SCSDB will continue to provide focused training for students and staff in identified areas as well as future needs for training as a result of the pandemic. For campus safety, in recent years, SCSDB has expanded current safety/security coverage to allow for 24-hour staff to include school resource officers on second and third shifts in addition to a regular campus safety office. As SCSDB is a residential school, the expansion to 24-hour coverage adds an additional level of safety for the students served. Additionally, SCSDB has worked to align staff roles in relation to safety staff and security staff to ensure efficiency and effectiveness in the overall program. It is important to note that SCSDB has continued regular emergency drills this year for all types of situations and has expanded drills and evacuations during the residential setting. For the upcoming year, SCSDB will work to properly conduct such emergency drills to include use of masks and social distancing. SCSDB has also focused to prepare for on campus learning mitigating disease spread as much as possible with extra safety precautions. SCSDB will also prepare to transition to remote learning if circumstance arise in order to protect the safety and health of students and staff. For the upcoming school year, SCSDB will pilot a new remote/virtual learning model from Thanksgiving Break to the Holiday Break. Additionally, in order to meet the unique health, safety, and accessibility needs for SCSDB students on campus, SCSDB secured and has implemented the use of personal protective equipment (PPE) that best meets the individual need of each students. A variety of face masks, face shields, and desk shields have been secured to include masks that are accessible for deaf and hard of hearing students. Individual school safety plans have been developed in accordance with CDC and SCDHEC guidelines along with dorm procedures and protocols. Additionally, SCSDB will follow guidance from SCDHEC and the SC Department of Education with bus routes running at 50% capacity. The SCSDB campus will be closed to visitors. Training will be provided for students and staff members.

### **Goal 3 Update:**

For SCSDB, Goal 3 focuses on the Division of Outreach Services and provides strategic targets to meet the needs of children with sensory disabilities across South Carolina. The Division of Outreach Services is a key component for SCSDB in meeting the overall agency mission and vision, and through this division, SCSDB provides services to children and their families in their local communities across the state. Program focus under Goal 3 includes Statewide Early Intervention Services, Statewide Blind and Visually Impaired Education Services, Statewide Deaf and Hard of Hearing Education Services, Statewide Interpreting Services, and supporting accessibility to instructional materials from children in South Carolina through the Braille Production Center.

In recent year, SCSDB has made great strides in rebranding Statewide Early Intervention Services. Traditionally, Early Intervention Services has provided support to children and their families from birth to age 3. However, in recent years, SCSDB has expanded services to include children up to age 6. SCSDB continues to serve over 500 children statewide each year. In the spring of 2019, SCSDB Early Intervention Services adapted and transitioned to provide much needed services to children and their families through alternate methods to assure safety of all stakeholders. Families were supported through the most effective method to include but not limited to FaceTime sessions, emails, phone calls, Zoom meetings, and so on. Under the Department of Health and Human Services for such programs, telehealth processes, and Medicaid billing, SCSDB followed said guidance to insure compliance with provision of these needed

<b>AGENCY NAME:</b>	<b>SC School for the Deaf and the Blind (SCSDB)</b>		
<b>AGENCY CODE:</b>	<b>H75</b>	<b>SECTION:</b>	<b>6</b>

services. Additionally, continued training was provided to staff in order to keep abreast of current trends and best practices for children with sensory disabilities.

This past year, Statewide Blind and Visually Impaired Education Services supported 309 children across South Carolina. Children received services in 47 school districts. In addition to services provided by teachers of the visually impaired, Orientation and Mobility services were provided to 70 children in school districts and an additional 55 children on campus. SCSDB served 11 Access Technology students and 29 Project Magnify students. Statewide Deaf and Hard of Hearing Education Services provided services to 128 students this past year across the South Carolina. Children received services in 23 school districts.

As both of the above programs work in sync with local school districts to provide much needed services for children with sensory disabilities, SCSDB Division of Outreach Services quickly and efficiently transitioned service delivery and models to accommodate the needs of individual students and the modalities of learning this past spring. Although models varied, each teacher and service provider worked closely with each district to provide services through a virtual model. For the upcoming school year, SCSDB Division of Outreach Services will continue to support local school districts and will be able to accommodate face to face, hybrid, and virtual learning dependent upon the need to individual school districts at any given point in time. SCSDB is aware that districts to include the SCSDB campus will begin implementing a state learning management system which will allow more increased real time learning if schools must close campuses in the future and work remotely. SCSDB Division of Outreach Services will be able to support students and districts if such transition is needed in the future.

In the area of Interpreting Services, in recent years, SCSDB has committed to one full-time staff interpreter for the Charleston/Low Country region, one full-time interpreter for the Columbia/Midlands region, and three full-time interpreters for the Spartanburg/Upstate region. Additionally, in order to meet interpreting needs, SCSDB has typically utilized 15 contract interpreters throughout the state. In addition to face to face interpreting, SCSDB has worked to meet interpreting needs through the expansion of technology in interpreting. A video phone has been installed in the School for the Deaf conference room, located on the main campus in Spartanburg, in order to take advantage of federally funded video relay services to access on-demand interpreting services as needed for IEP and other critical academic related meetings conducted over the phone. This has freed up resources to cover requests which require an interpreter to be physically present. Each of these advancements have proven critical as SCSDB and multiple programs across South Carolina moved to remote models this past spring. For the upcoming school year, SCSDB will work initially to cover interpreting needs with current SCSDB staff to limit the number of outside visitors to the SCSDB Campus. Extra precautions will be taken if outside interpreters are needed as the school year ramps up.

In order to increase opportunities for accessibility, SCSDB offered 55 American Sign Language classes this past year. Participants included 186 staff members and 221 outside participants from the community. The American Sign Language Department at SCSDB successfully implemented virtual American Sign Language classes this past year and will continue to offer such classes this next school year.

Other information from the Division of Outreach Services includes the following:

- Kelly's Kids served 17 children this past school year.

<b>AGENCY NAME:</b>	<b>SC School for the Deaf and the Blind (SCSDB)</b>		
<b>AGENCY CODE:</b>	<b>H75</b>	<b>SECTION:</b>	<b>6</b>

- SCSDB served 21 children through Little Locomotives as part of Early Intervention Services
- 51 trainings and workshops were provided by the Deaf-Blind Project
- 163 children are registered with the Deaf-Blind Project
- The instructional management center served 364 children to have accessible materials this past year
- The Braille Production Center produced 119,451 pages of Braille this past year
- The Braille Production Center produced 18,724 tactile graphics this past year

The Division of Outreach Services also includes an early childhood education program, Kelly's Kids, on the main campus in Spartanburg, South Carolina. This program serves children ages 0 up to age 3 on a daily basis during the school year. This program is in partnership with Spartanburg County First Steps and is limited to children in Spartanburg County. This past year, 17 children were served through Kelly's Kids.

At this time, SCSDB has been unable to return to full operations of the Braille Production Center at the Leath Correctional Facility. As a result of efforts to mitigate disease spread, SCSDB has established a mini Braille Center at the Instructional Materials Center and SCSDB staff is currently producing limited Braille items and materials so that children across South Carolina at least have the initial needed material in an accessible format to begin school. SCSDB continues to work closely with the warden at Leath, and looks forward to when health conditions allow for normal operations to return for the Braille Production Center.

### **Risk Management and Mitigation Strategies**

SCSDB's failure to achieve the agency's mission limits opportunities for children with sensory disabilities in South Carolina. The educational objectives at SCSDB are developed using the general educational standards provided through the SC Code of Laws and the interpretation of those statutes by the SCDOE. These objectives focus on continual improvement in SCSDB's ability to provide the highest quality educational programs for the deaf, blind and multi-sensory disabled children that are served throughout the state. Failure to meet these objectives would negatively impact educational services to children. SCSDB continually seeks assistance and guidance from the SCDOE to eliminate any negative impacts. The expansion of Outreach Services has allowed SCSDB to meet the growing need for services across South Carolina. Additionally, the new campus master plan will allow SCSDB to develop a long-range plan for facilities and infrastructure. This plan is needed to avoid reactive repairs and to provide a safe, accessible, and conducive learning environment for the children served.

### **Restructuring Recommendations**

<b>AGENCY NAME:</b>	<b>SC School for the Deaf and the Blind (SCSDB)</b>		
<b>AGENCY CODE:</b>	<b>H75</b>	<b>SECTION:</b>	<b>6</b>

The following recommendations include areas identified for potential improvement. The Subcommittee recommended continuing the agency's major programs to include education, student support, residential, outreach, administration, and physical support. Additionally, the Subcommittee recommended the continuation of agency programs and laws relating to the agency with the exception of the following recommendations listed below:

1. Agency Purpose: The agency purpose should be added to Title 59, Chapter 47 as follows: The School for the Deaf and the Blind is established to provide educational programs and outreach services to students who are deaf, blind, or sensory multi-disabled.
2. Maintenance Fees: Delete Section 59-47-90.
3. Annual Report: Delete language from 58-17-100 that would violate FERPA.
4. Employee Classification and Compensation: Change 8-11-270 as it relates to exemptions from the State Classification and Compensation for SCSDB to add the following including but not limited to teachers, bus drivers, orientation and mobility staff, occupational therapists, physical therapists, and interpreters.

The Subcommittee did not recommend elimination of any agency programs.

## Golden Apple Winner: Preston Lewis

**Michael Cogdill, news anchor:** Tonight. A unique relationship between a teacher and an exchange student.

**Carol Clarke, news anchor:** One of patience, language, and culture. Geoff Hart introduces us to this week's Golden Apple Award winner.

**Geoff Hart, reporter:** Preston Lewis works among the taxidermy. (The camera shows multiple taxidermied animals in the classroom.)

**Preston Lewis, teacher:** So they've been my lifelong friends.

**Geoff Hart:** Something he inherited in this classroom when he came to the South Carolina School for the Blind 15 years ago on the campus of the South Carolina School for the Deaf and the Blind.

**Preston Lewis to students:** Bigger twigs to help them compost faster . . .

**Student:** Reduce the size.

**Preston Lewis:** Yes, reduce the size.

**Geoff Hart:** As their science teacher, he is breaking down compost.

**Kubra Ev, exchange student:** I guess my biggest difficulty was communication.

**Geoff Hart:** Kubra Ev is an exchange student from Turkey.

*Continued*

**WYFF-TV, Greenville, SC**  
**January 9, 2020**

**Kubra Ev:** He supports me so much.

**Geoff Hart:** Her first couple of months here were very difficult, not only with the language but the nuances as well like “supper” versus “dinner.”

**Kubra Ev:** He starts again, and he tries again until I understand-- until I feel a lot better about that.

**Preston Lewis to Geoff Hart:** It’s like okay, I’ve got an idea, maybe this will work.

**Preston Lewis to students:** How many of you have harvested broccoli before? You get the stalk and just pop it off. This is the yellow one that’s kind of died off.

**Kubra Ev:** He always thinks about me, like am I okay in this class? Am I okay? Did I understand?

**Geoff Hart:** Her thoughts taken to heart.

**Preston Lewis:** Made me feel there’s a purpose for me being here and there is a purpose for me continuing to teach, and it’s going to give me the initiative to keep on teaching for a while, I think.

**Geoff Hart:** Preston Lewis. Over 30 years of teaching and still making sure no one is left behind in the School for the Blind.

In Spartanburg.

## **South Carolina School for the Deaf and the Blind hosts basketball tournament**

**Nolan Blair, reporter:** Basketball is basketball, no matter the competitor.

**Ashley Moss, student, signing:** We're the same as hearing.

**Nolan Blair:** Ashley Moss is deaf, but that doesn't define her scoring ability or her love for the game.

**Ashley Moss:** The effort and the team working together . . .

**Nolan Blair:** Schools for the Deaf from nine southeastern states are competing this weekend in the 43<sup>rd</sup> annual Girls Mason Dixon Tournament hosted at South Carolina School for the Deaf and the Blind.

**Michael Sims, athletic director:** They love playing basketball and they compete very well.

**Nolan Blair:** The differences you might notice are the backboards light up at the end of quarters and interpreters are on hand to help communication with refs.

An SCSDB P.E. teacher started the Mason Dixon Girls Basketball Tournament back in the 70s. You can tell by her pictures that she means a lot to the school. The former coach was on hand Thursday.

**Camilla Ramborger, retired teacher:** Well, it influenced me but I think it influenced the girls too, to start becoming very motivated and get involved and to have that fellowship.

**Continued**

**WYFF-TV, Greenville, SC**  
**January 23, 2020**

**Nolan Blair:** The fellowship still a highlight for players in the tournament now.

**Ashley Moss:** Because I can make some friends and we can encourage other teams.

**Nolan Blair:** Showing that hearing is optional on the court. In Spartanburg, Nolan Blair, WYFF News Four.

## **Spartanburg's SC School for the Deaf and the Blind has statewide reach**

There are many misconceptions about the South Carolina School for the Deaf and the Blind. One is that it's a private school. Another is that it's a residence for people in the area who are deaf and blind. But the sprawling 160-acre campus on Cedar Springs Road in Spartanburg is South Carolina's very public specialized school for students in grades Pre-K3 – 12 who are deaf or blind. The campus also houses Cedar Springs Academy for South Carolina students who have a vision or hearing disability with at least one other physical or intellectual disability.

"We're like any other public school in South Carolina," says Katie Rice, the school's Director of Public Relations. "There is no cost to attend."

About 250 students attend classes on the Spartanburg campus during the school year. Nearly half of them live outside the Upstate, so they live on campus during the week, returning home on weekends and during school breaks.

*Continued*

The SC School for the Deaf and the Blind serves an additional 1,100 students each year through contract teaching services for deaf and blind students attending public schools statewide, and through an outreach program that serves children from birth to age 5 who are deaf, blind or sensory multi-disabled and their parents.

“Early intervention is extremely important for a family with a child that is born deaf or blind,” Rice said. “For example, if a child is born deaf, they can’t hear the words ‘I love you’ and all of the unintentional conversation that happens at the dinner table. If a child is born blind, they may not understand concepts such as over and under, or around. Family members need to learn how to be very intentional in teaching them. We work together with parents to help children reach their maximum pre-school potential so that they are ready for elementary school.”

### **Cutting-edge assistive technology**

The SC School for the Deaf and the Blind is the statewide distribution center for instructional tools such as large-print and braille materials. It also is a statewide provider for American Sign Language interpreting services, and recently began offering ASL classes for the public.

*Continued*

**WSPA-TV Website – Livin' Upstate, Spartanburg, SC**  
**January 27, 2020**

But it's the school's assistive technology that truly sets it apart. From magnifying equipment and visual alerting devices to screen readers and refreshable braille displays, the SC School for the Deaf and the Blind stays abreast of the latest technology available to assist and enhance the classroom experience for its students.

**Academics, arts and athletics**

Like other public schools, the SC School for the Deaf and the Blind is not all about academics. Its students, too, are involved in a full lineup of arts and athletics.

Rated an advanced school by the SC Arts in the Basic Curriculum Project, the SC School for the Deaf and the Blind offers visual arts that include drawing, painting and 3D design, music such as performance choir, keyboard and steel drums, dance including hip-hop, jazz, tap and ballet, and drama.

*Continued*

Student athletes compete against area public and private schools in Region 1A of the South Carolina High School League in basketball, football, soccer, track and field, volleyball and cheerleading. The school also participates in South Carolina Special Olympics and fields teams in goalball – a team sport designed specifically for athletes with a vision impairment. Participants compete in teams of three, trying to throw a ball that has bells embedded in it into the opposing goal. The ball is thrown by hand and never kicked.

Additionally, basketball and volleyball players compete in tournaments of the Mason-Dixon Schools for the Deaf Athletic Association. The SC School for the Deaf and the Blind was the host site of last week's Mason-Dixon Girls Basketball Tournament that brought nine teams from across the Southeast to Spartanburg.

"These tournaments are an exciting time for our students," said SCSDB Director of Athletics Michael Sims. "They build relationships during these events that become lifelong friendships."

While the SC School for the Deaf and the Blind receives state and federal funding for operations, the school welcomes community support and charitable donations through its nonprofit foundation.

On Feb. 8, the SC School for the Deaf and the Blind Foundation will host its 10th Annual So You Think You Can Cook Chili Cook-Off. Proceeds from this popular event help fund instructional resources, adaptive technology and extracurricular programs for students.

For more information on the chili cook-off and to purchase tickets, visit the South Carolina School for the Deaf and the Blind Foundation online.

## **South Carolina School for the Deaf and the Blind 2020 graduates**

In order to hold graduations in person, the South Carolina School for the Deaf and Blind hosted smaller graduation ceremonies on May 28 that allowed for social distancing and followed the guidelines established by the South Carolina Department of Education.

Graduation 1: Cedar Springs Academy Graduation 1 took place at 9:30 a.m.

Graduation 2: Cedar Springs Academy Graduation 2 took place at 11 a.m.

Graduation 3: School for the Blind took place at 1 p.m.

Graduation 4: School for the Deaf took place at 2:30 p.m.

**Message to the Graduates from Page McCraw, PhD; president, South Carolina School for the Deaf and the Blind:**

“Congratulations upon your graduation from the SC School for the Deaf and the Blind. We commend you on your hard work and many achievements.

“This has been a very unique year and you have risen to the challenge. I encourage you to continue facing the challenges of life with hope, determination, and adaptability.

## **SC School for the Deaf and Blind students help dedicate ‘I Love You’ sculpture**

Columbia, S.C. (WOLO) — There’s a new sculpture in downtown Columbia that’s sharing a universal message from students at the South Carolina School for the Deaf and the Blind (SCSDB). The statue, which features sign language, was dedicated Wednesday morning by city and school officials.

“This is an ASL ‘I love you’ sign, and it represents the love that the state has for our school and vice versa,” said SCSDB Fine Arts Coordinator Josh Padgett.

Students at SCSDB worked with South Carolina artist Bob Doster to create the new sculpture. It features hand shapes by students which were then cut and patched together.

“They would actually cut, with a blow torch, they would cut their hands out of the sculpture. So they actually got to create and be a part of it,” said Padgett.

“I was, I enjoyed making that. It was a great process, it was hard work, we did a lot of teamwork with all of the welding and everything, but I was really proud to be a part of that,” said Alasia, 16, who’s a student at SCSDB.

“I just know I was humbled by the experience working with them,” said sculpture artist Bob Doster.

*Continued*

Members of the student choir were at the dedication, and celebrated with several songs.

“When people walk by and see this, I hope they see the hundreds of hands created by students and people all over the state of South Carolina. And we all come together with different backgrounds, we’re all different, but we come together to form one wonderful, meaningful piece of art,” said Padgett.

“It’s so inspirational that they have installed this here. I mean really it’s just making people more aware of deafness all over,” said Alasia.

The new art piece will remind people that saying ‘I love you’ is a universal message.

“I guess when people see this statue, I mean obviously they see that it means ‘I love you,’ but they’ll also think of the school for the deaf,” said Alasia.

The sculpture was made possible through the SCSDb Foundation.

Columbia Mayor Steve Benjamin was at Wednesday’s sculpture dedication and accepted it on behalf of the city.

The sculpture is on the corner of Lincoln and Senate streets in downtown Columbia.
