Gov. Haley,

Thank you for the  
Countless hours of preparation  
and action you spent getting  
this state ready for the  
emergency / disaster we  
have experienced as a state.

You are a real leader  
with compassion, ability and  
action. We are proud  
of you and only wish  
more of our elected officials  
were as efficient. Thank  
you & your staff for keeping  
us informed & feeling like  
we were taken well cared for.

Sincerely,

Virginia C. & Carl Ramsey
