Subject: Human Trafficking

Katherine,

I hope you are doing well. Our office has been working with lawmakers on H. 3757 (Human Trafficking). As you will see, it was ratified on Monday. I wanted to see if there was going to be an special bill signing ceremony for this. There are some ladies with our WMU organization that have focused a lot of hard work and time into this issue and I would like to let them know about anything taking place. Thank you.
