Dearest Governor Haley

I have always enjoyed living in South Carolina and very happy to say I voted for you and I believe good job. It is with sadness I must ask, why did you have the flag taken down? Why didn't you let it decide. We could have had a vote and let majority rule.....The other thing is everyone said how we the violence,how we came together in love and treated everyone kind...So why did our flag have to be taken down at all. The people of SC are not moved or act a certain way because of the flag. Please Governor do anything else be destroyed. PLEASE!!!!!!Let this stop here and now.

Cathy

Gov. Haley, I have been an ardent supporter of your administration and your various policy initiatives times that people disagree, no matter how much they are alike.

The Confederate Flag is one such issue. I was an proponent of removing it from the capitol dome a sovereignty issue. To sell out to a few vocal race groups and call for its removal from a museum or monument is to say that the confederacy was not an integral part of our heritage. Not to sound aloof is not part of your ancestral history. It was a part of mine.

My great-great grandfather was not a slave owner, but was part of a revolutionary army that fought inequality of government between the North and the South.

We sit in judgment of a time gone by and the circumstances that brought about a national divide while studying the actual mentality of the time that caused it to unfold. John C. Calhoun, in his final speech, spoke of a cord of unity that bound our country and how that cord was frayed to the breaking point by the inequalities that existed between the North and the South. He said that slavery was a side issue of the divide. That was in 1850, a full dozen years before the Civil War.

By allowing the NAACP to tie this flag to slavery and racism is a slap in the face of those who gave a measure of devotion to their cause. By appeasing some, you take action that will alienate more.

I am profoundly disappointed that you would view the flag as an insult and not take the time to educate the masses as to its distinguished past.

There is an African American monument on the state house grounds. I am offended that the descendants of those who were sold into slavery by their own people and were never owned by any of my family in the South have a monument on statehouse grounds when they are seeking to eliminate vestiges of my ancestry.

Then remove the State Capitol and Governor's Mansion as they have perpetuated ideologies for lon

DEAR GOV. HALEY,

FIRST OFF YOU JUST LOST MY VOTE IN THE FUTURE WITH THE REMOVAL OF THE CONFEDERATE FLAG FROM THE STATE HOUSE GROUNDS.

THE STATE BOWED TO THE BLACKS YEARS AGO AND TOOK IT OFF THE TOP OF THE HOUSE AND THE BLACKS EXCEPTED THAT FOR A WHILE...THEY HAVE WANTED TO CONFEDERATE MONUMENTS IN THE LOW COUNTRY. NOW THE FLAG IN COLUMBIA REMOVED AGAIN. ANOTHER POINT FOR THEM; THEY WILL NOT STAND BY AND LET MONUMENT STAND ON THE STATE HOUSE GROUNDS FOR LONG EITHER.

I'M NOT A RACIST BUT I WAS BORN IN CHARLESTON, S.C.. AND I AM TIRED OF THE WINING ABOUT THE BATTLE FLAG. AND EVERYONE BOWING A KNEE TO THEM...IF THEY DO NOT LIKE THE WAY THINGS ARE HERE IN SOUTH CAROLINA, ASK THEM TO TAKE THEIR BAGS AND GO NORTH.

Dear Governor Haley,

What an amazing opportunity has been presented to the people of South Carolina: the possibility of your selves and your state, with an eye to your future, what you want and envision for the people of South Carolina. You can create a flag that embodies your hopes and possibilities, and which represents a joined together, making a future together. Clinging to the Confederate flag is a trap and a burden without thinking, imagination, possibilities. And this would be such a gift to the families of those who lost recently, and also reaching into the past.

Hoping for your success in moving out from under the Confederate flag, which does not represent the people of South Carolina.

I am sending this message to say you are making a mistake by removing the Confederate Flag. The flag represents a war fought long ago, by two well intended sides and leaves a legacy for our children and grandchildren. Removing it will not stop the unrest in this country at this time. I am not an activist, everyday citizen and I hope and pray you will reconsider because as the saying goes, "if you don't stand for something, you will fall for anything". There has been a rush to judgement with this flag issue where the focus on "mentally ill" would help solve some of this nation's problems. Please do not fall for "interest groups" and make logical decisions and not emotional decisions. The people of South Carolina are in great esteem and vote for you on your true convictions and not pandering to social pressure. Thank you.

I was very disappointed in Governor Haley's decision to remove the Confederate flag from the cap believe it is both knee-jerk and politically motivated. Although I've never visited the state of South impression of it is has always been that it was both friendly and tolerant and thought about moving there someday given California's anti-business climate.

The recent events dictate otherwise. I am left with 3 impressions of SC:

1) Its racist, 2) Its anti-Christian, 3) Its intolerant.

While I do not agree with the principles of the Confederacy the American way has always been ab free speech of the things you disagree and agree with. I don't agree with what you are saying but I your right to say it.

Some people are offended by the United States of American flag. Should it be removed as well? If it fits the same criteria as the removal of the Confederate flag. When does this all end?

Unfortunately removing the flag will not change history nor it will prevent the country from contrir current divisive path. Our country and culture is turning into a "cesspool" but no one wants to addr cause.

Removing the flag is both an easy and convenient scapegoat to a complex problem. Hopefully one Haley and other politicians will decide to cure the disease rather than treat the symptoms.

Yes the shooting was tragic but the Confederate flag had nothing t Like it or not Racism will always exist despite what dreamers want to believe. Hatred. Jealousy. Er will always exist because humans are not perfect. When a politician like yourself Governor reacts t reveals your true character and now I am ashamed I voted for you. Freedom of Speech. Freedom of the freedom to have your own beliefs is supposed to be what America is about. Truly heartbreaking when those beliefs are tested you crumbled like a decaying wall. Truly heartbreaking but typical. Lo Confederate flag where it belongs. Next to the American Flag. Don't be gutless like the Governor c

Gov. Haley, I realize it was helpful for you to CALL for the flag being brought down, but when I saw Sen. Pinckney's body pass under that flag, I was disgusted that you did not at least have it removed. You DO have that power. It was COWARDLY of you to not do so. And you should do so until the flag is removed. You KNOW the history of that flag is associated with a white supremacist nation, and you SHOULD know it was first moved to the Capitol in defiance of integration, and a symbol of hate. Don't be on the wrong side of history - act NOW.

Good afternoon I want to say first that our thoughts and prayers are with you and the people of Charleston. The city have handled this tragedy with integrity and grace. What happened in Charleston was a unbalanced and sick individual not a flag. I wish that you and your staff would have thought first before decided to blame a piece of cloth for someone's actions. The reason this concern's me and I'm writing you is because you set a precedent that is now running wild throughout this country that I'm afraid will end badly. When I was shopping, I noticed more people wearing confederate flags than ever before. When flag stores on the news were reporting they have sold out of flags due to overwhelming orders. People who would ordinarily not wave these flags are buying them. I think this alone is going to cause more problems than if you and I had else hadn't even mentioned the flag. I realize that you won't make a firm decision until later but I'm asking you to take a moment and contemplate how to do this justly without offending either side. Thank You and Bless Charleston.

We as a southern society have failed the protection of the Confederate Flag. Extremist groups hid it was theirs for the taking when in fact it was not. No one stepped up to defend it. The Confederate symbol for pro slavery or white supremacy. It represents a culture of grace, etiquette, honor, braver southern hospitality which is the fellowship that occurs among all races within the south even today. this flag with the isolated hate groups that are hiding behind it and generalizing all southerners who flag as being racists, haters or supporters of these horrible groups, is a form of racism and bigotry. Instead of taking it down and erasing it from history, we should take it back from the Hate groups and business using it as THEIR flag in the first place!

Governor Haley. I am a native Floridian, my family came in early 1800's from Ga. S.C.to Fla. I am Heritage & the Confederate Flag. I only ask you to research the history of the flag and the civil nothing to do with racism or hatred. If you knew your history you would know this. Black & W fought together for that flag & due to the ignorance of those who chose this flag as their hate sy to take innocent lives you stand and say it's time to remove it. You along with other's are attempting History & Heritage and that is unacceptable. You have no right to call for such without the fact proof before you. This is shameful & a disgrace to all confederate soldiers. I would appreciate e once you've done your research. Thank You. Patricia [REDACTED]

I know Governor that you are being pressured to get rid of the Confederate Battle Flag that has mea many of us with a Southern heritage. Unfortunately, this honorable flag has been associated with nu groups over the last several decades and now, many decisively liberal groups are determined to take As a very viable and immediate solution I would recommend that you investigate the substitution of Blue" flag that has strong ties to the early South. This flag is not associated with various hate groups endure in the future as a fine standard of Southern heritage and pride.

Unfortunately, I cannot attached a copy of the flag which incidentally was also referred to in the mo "Gone with the Wind" by Rhett Butler when he stated he would nickname his newborn daughter "B Butler" after Melanie Wilkes' remark "that her eyes will be as blue as the bonnie blue flag." Howeve certainly find a copy of it on the Internet. It has a medium blue background with a single white star.

Dear Governor Haley,

I wanted to pass along my thoughts about taking down the Confederate flag from SC public buildin believe it should come down and fast. When people argue that it is part of our history, they need to themselves. They are correct- it is part of our history and history is PAST. That flag does not repres existing state or form of government. It was defeated hundreds of years ago. Flying it and pretendin over, does not make it so. IT IS OVER. Please vote to take it down. It makes no sense to fly it-pleas South Carolina History Museum or the Confederate museum, where it belongs. After all, we no lon flag of the original colonies. And the Confederate flag is a hot button for many to hurt, ridicule and Please say it is enough.

Thank you very much!

Mrs. Haley,

On this issue of the Confederate Flag being taken down, I believe what you intend to do is right, but you will take it down leaves room for people to think that you do not care about where they came from peoples' ancestors that died for that flag. I believe that the flag is a part of our states great and interesting history and to just get rid of it would be absurd. This has brought me to a conclusion that since the flag is a part of our history it should be displayed as our history in the State Museum. To just dispose of the flag would have I believe your actions are inconsiderate of our states history, but to put it in our state museum would allow for the people wanting to learn about the state and the people who had ancestors which died for that flag to consider this message in your decision.

Governor Haley,

If you insist on the Confederate Flag being removed from the capital grounds because it is divisive offensive, do you believe and support the following?

All Confederate Flags should be removed from statues in National Parks like Gettysburg and Vicks someplace like Stone Mountain, Georgia because someone might see them and be offended?

All history books and any museum containing pictures, artifacts, and or documents showing the Cc be removed? Banned? Re-written?

Would you like to remove Robert E Lee's home from the grounds of Arlington Cemetery?

Would you like to re-write history to negate the fact that some blacks also "owned" slaves?

Do you fully understand the real reason the Palmetto tree is on your state flag? Hint: the real reason Fort Sumpter in 1861; Independence and Defiance of the U.S. Government are KEY words from the remains today on the SC Flag and even on license plates. Do you want these removed and even the changed to something more appropriate that might not want to offend anyone? Of course one must

Just how far do you and other politicians and businesses want to drill down on this issue?

Removing the Confederate Flag from flag poles will not change beliefs and attitudes; it will not bring together; it will not help the economic woes of the minority; it will not stop black on black crime in elsewhere; where were all of you politicians during the last many years on this issue? Like the Red: SILENT until it is an opportunistic and politically correct issue to support.

Sincerely,

William M

Dear Governor,

Even though I am not a South Carolina resident, I feel you should take down the Confederate Flag. be banned from museums, reenactments, etc. but definitely should not be flying over the capital. It with and symbolizes hatred and racism. Larry Wilmore recently stated on his show..."In 1961, [the flag] was a reminder to black people that they should know their place. It has always been used as : intimidation and terror - and that's what it remains today. In fact, because displaying the swastika is : much of Europe, skinheads and neo-Nazis often adopt the Confederate flag in its place. It's such a i that it does double duty as the backup racist symbol for another racist symbol!"

A few years ago, I traveled to New Madrid, Il, a southern Illinois town and there was a Civil War r Confederate flag was every where. It made me feel very uncomfortable even though I am a middle women. It made me feel like this was a town that was closed minded and racist. If I felt this way, I imagine what a black person might feel. It must hurt 30% of South Caroline's to see the flag fly ov each and every day.

Thank you and I hope you will decide to take the flag down now and then debate whether to put it later date instead of what you are doing now...keeping it up and debating it in July.

Respectfully,

Mary [REDACTED]

I do understand the reasoning behind wanting to remove the Confederate Flag from the State House. We're going to do this, why not remove ALL of the other history things? What about all of the black things? Rosa Parks memorial... Martin Luther King... each if these are representations of the civil rights movement, the most disgusting of all....the rainbow flag. It's not right that each of these others will prevail and yet we're demanding for the flag to be removed. Don't get me wrong, we will never hang a Confederate Flag in our home....our opinion is based on principle. Right is right. If you're going to take a stand, take one that is right. What happened in Charleston was a mind problem....it didn't happen because we have this flag waving on the grounds.

Hey Nikki, this issue with the Confederate Flag has gone way too far! The Flag didn't kill a single Charleston. But yet once again it is used for an escape goat. Roof obviously has mental issues and the attention should be put. My family has been in South Carolina before it was a State. And taking would be a slap in the face! As bad as many people its not about hate, it's about States Rights. Heri History. To be fair with everyone I think you should call for State wide vote. Set up several voting county and majority wins. We as South Carolinians owe this to our fore fathers who fought defend If the Confederate Flag does come down. all flags except the American Flag should be removed fr House grounds. That would be fair to everyone not just some. In all my 44 years I have never beer raged over a State issue than I am right now. I always backed you since day one and you have don job! But your comments over this issue were very disappointing. Please Nikki do what is fair for e don't let our history and heritage be destroyed! Thanks for your time. Jeff [REDACTED]

I am very disappointed in your decision to remove the Confederate Flag from all state locations. I understand it is now Politically Correct, but what is next? The American Flag because it may also offend some people. Men and Women have died to defend both flags. I very much hate what happened in Charleston every day for these families. The flag did not kill those wonderful people but instead a very evil person is becoming more and more the Northern States of America and less and less the South. I love all color and respect all people, but enough of all this politically correct. I voted for you and was happy with your decision until now. I am grateful for the respect you gave the people who died at the hand of evil because the Flag did not take their life. You can put our Flag in the closet, but that does not stop evil. I guess I am going to do away with anything that reminds us we are southern. I will have a very hard time voting again in the next election as will many people I have spoken to. I will continue to pray for you and your family for our great State.

Hello Nicki Haley, I am not a South Carolinian resident but I am married to a Southern Bell from C and I am Originally from the North (Norwich, CT. I was in the Navy stationed in Charleston for 7 have felt the pain of the north VS the South from some her family members before we were marrie and sister and family members still reside in your fair State. Now that you have a little of my histor the residents and the church members of the shooting. I have been reading the paper and online nev attempts to rid the capitol building of the Confederate flag. I understand why you want to do that. I celebrate black history month, or any other holidays we are recognizing their past. Since some of y still don't care for the take over by the United States and had to relinquish their Confederate flag. I battle.

this a thought remove both the American flag and the confederate flag from the capitol building. L flag flying over the capitol building to honor your state. Since both flags may cause hate and disco your residents this may be a safer option. Its just a thought. My recollection of South Carolina batt long gone now but, if that site was a battle ground between the north and the south the above ment may be neutral ground for you.

Dear Honorable Govenor of South Carolina.

I am not from the south, in fact lived most of my life in Hawaii. We have tons of people in a multie environment and havegrown in how to live Aloha. My suggestion might seem silly, but I think it m the people of South Carolina. Why don't you have a contest to create the new state flag and it can b representative of today's environment and be more appropriate. Maybe it might be a way of healing thought.

Thank you for your time

<MSG>

I applaud your taking leadership in the flag issue.

Leadership is leading, not following, as too many 'leaders' do, following public opinion, polls, lobby. In the flag issue, you showed democracy is a rule of the majority, with an awareness of the minority. You did that deftly by acknowledging that a minority of persons views the flag differently but that it had a overriding view and that ought to rule the day.

As a female and a Southerner, you are positioned to be a national leader. You are willing to take action many waffle, especially male politicians. While I am not of your party affiliation, I certainly would person who truly leads, willing to buck what is popular, expedient for the sake of the common good.

I have suggested to Mayor Riley and Mayor Benjamin they might suggest to President Obama Friday National Truth & Reconciliation is a means of healing our racial wound. Certainly, you would agree this means. The South needs to initiate the national process of healing. It is a means for the South to move of change, not simply a victim of history.

The majority of the nation stand for the vision of the Founders, equality and justice for all. A Truth and Reconciliation, modeled after South Africa has been adopted by 36 other nations to resolve their social issues. Long overdue here. What true patriot would be against truth and reconciliation? Only an extreme fringe. Must they set the agenda? This is an historical moment for you, as well as the nation. Where the Constitution here is where "a new nation, conceived in Liberty, that all men are created equal ... shall endure" we reaffirm the nature of this Union. Speak to President Obama that you are willing to lead.

Where did you think it was going to stop. Did you think the Republican Leadership or the Democrats leave it at the Flag. Of course Not.

You fell for the all too often compromise, Incrementalism and hypocrisy that comes with making d yourself, the party or just being "Progressive and understanding". Now you have not gone far enou have to support removing all things "confederate". No names on schools, buildings, statues, and rel history or story.

You won the battle and lost the war. You will be labeled a racist for not supporting removal of eve blinked and now you have doomed us to revisionist history. gave away our history and compromi to failure in the culture wars current and future.

What are you going to do now? Can't go back! Have to go forward - with whom at your side? You betrayed me, your state and republicans and probably the democrats who want everything thei

With no support from me or others you betrayed - from whom do expect help to come. Why not ch affiliations now and get the hypocrisy over. You don't represent me or any South Carolinian anymo

Dear Governor Haley and fellow republican.

You obviously do not know what the true meaning of the flag is, and it always amazes me when a person who has never worn a uniform or served their country can be so quick to discount the real meaning of the heritage it represents. I am so sorry that a group of small minded idiots has chosen this great symbol to give their idiotic ideas some instant recognition but it only happens if small minded people allow it. Don't jump on this band wagon better yet do something constructive with your time and for the people fix our roads, that is an initiative we can all get behind.

I know that my words probably mean nothing to you, and you think you are doing the right thing to do, after all that's what it is all about. I just want you to know I am a voting republican.

Your next comment may be we just don't want to offend anybody. What about me? Does it matter to me? What's next?

There are pictures all over the web showing that kid from the shooting burning the US Flag as well Americans.

You know all this flag crap is starting to piss me off. I could care less if it stays or goes. But what's is the way its being miss represented. Does anyone know the real reason behind the civil war?

I'm 50 years old and I remember what I was taught in school, and it wasn't about slavery. It was ab to choose how to be governed. The south did not want to be controlled by a federal government.

SLAVERY had nothing to do with it. As a matter of fact there were slaves that fought for the north black men that fought for the south. Go read your history before they change that and try to rewrite history.

Its been proven the George Washington was a slave owner. do we take him off the one dollar bill?

The Civil War is part of our country's history. South Carolina lost 12,922 men to the war, 23% of its population of fighting age, and the highest percentage of any state in the nation. Why in the world would you want to take down the Confederate Flag. It's your state's history. How many people in your state can trace their family roots to one of the 12,922 that died for that flag. Get serious and get a life.

Nikki,

Before the Confederate flag is removed from the South Carolina Capital property, I suggest you ask the state of West Virginia to remove Robert Byrd's name, statues and photographs from all state and buildings and properties. As everyone knows Robert Byrd was an Exalted Cyclops in the KKK for 1 (even while serving in the federal government).

Respectfully,

<SUBJECT>The recent tragedy in Charleston</SUBJECT>

<MSG>

Dear Governor Haley,

I notice a lot of negative attention towards the Confederate battle flag and other monuments of this South Carolina history. in light of the recent crime committed by Mr. Roof.

For years South Carolinian's proclaimed themselves immune from such mass shootings. Of course : ridiculous assertion. As though somehow we were above such things.

I propose that the three items in common with the mass shootings of late in the U.S. are:

1. Semi-automatic firearms
2. Young white males
3. Obvious mental illness

I notice these issues are not being addressed. And I understand that in this case especially they will addressed with the same fervor that currently surrounds the issue over the Confederate flag on the s grounds. This is for obvious reasons. The lack of political will, a virulent liberal agenda pointed in t of such conservative and former Confederate states such as South Carolina, and a close political and relationship with the gun industry and specifically Glock the maker of the murder weapon.

color of the Confederacy). for fear of offending someone.

Might I ask that this ridiculous display by my elected representatives be directed in a more rational And I am offended when my elected representatives pander to those groups that wish to use their c of birth or race, and this terrible tragedy as a means to declare themselves entitled to some sort of s treatment. Treatment that I can assure you, my family never received. And those that demand my h race by birthright should somehow be shrouded in guilt for the crimes of any one individual.

Furthermore, the U.S. flew over a nation where slavery was a legally protected enterprise for over 200 years. well, many of our founders owned slaves and supported this institution. Perhaps this flag and these should be subject to a similar display of public hysteria and scrutiny in an effort to deflect attention issues that affect South Carolina and our nation as a whole.

Thanks for coming down on the side of removing the confederate flag. My great great grandpa fought in the battle of the Lost Battalion. not for slavery. Most of the men of the confederacy who died were who did not own slaves and who in fact were hurt by slavery the same way working class Americans suffered from mass immigration. I have ancestors who fought on both sides. What about your ancestors? Do you have any in this race?

You are now obliged to side with liberal activists and American Indians in removing the American public sphere. You have set that precedent. Your action will have an effect far beyond your state, and you will not get black votes because you are a republican. You will not get my vote either, ever if you run for office.

I'm deeply sadden to see your support to take down a piece of America's history. That flag represen things, its just not about race. By wanting to remove the flag, its only putting a temporary band aid larger issue. Its not really fixing anything. If anything, it infringes on the freedoms we are supposec America. What will we take down or remove next when someone decides to do a mass killing? Ma to put a cap on the media...they rehash things so much that I believe this is half the reason these pec things. Just to get their moment of fame. Its time to look at other angles instead of messing with ou roots. I beg you to rethink your position!

Hello, Governor Haley. Greetings from NY. While I do not reside in your state, I sincerely hope you calls for the removal of the Confederate flag. That probably seems shocking coming from someone however we are not all progressives (aka wacko liberals). I am however a U.S.Navy veteran that sei some fine people from S.C. The fact is NO ONE has the right to NOT be offended, however EVER the right to express themselves. People can also use that right to Free Speech to voice their disagree someone elses opinion but not silence it. That flag is a part of your history, don't hide it because sor like it, they can simply look in another direction. It really is that simple. Thank you for your time if read this.

The confederate battle flag should be removed from state grounds and displayed on private grounds address concerns of us who believe this flag is not a racist symbol. a state memorial holiday should established (the old confederate memorial day) to recognize the sacrifices and heritage of our ances Carolina state history should become a required sixth or seventh grade curriculum that addresses bc sides of the multi-facet issues of the development and growth of our great state. What a great oppor advance understanding and reasoning! We have black history week; why not confederate history w Revolutionary history week as well as WW1, WW2, Korea, Vietnam, Iraq and Afghanistan. Combi be recognized in VETERIANS Week!

Food for thought. Thank you for listening. MSgt USAFRES RET.

Dear Governor Haley, as part of a bi-partisan compromise in 2000, lawmakers agreed to remove the flag from the top of the Capitol dome and move it to the Confederate Soldier's Monument. The African American Memorial was created as a part of the agreement. Since removal of The Confederate Battle Flag is again under review I believe the monument should be included in the debate.

The main reason given for removal request are the ties to slavery. The African American Monument is designed to honor the history of slavery, so it should be equally offensive.

I believe both the flag and the monument should be left where they are. However, if one is going to move the flag for equality both should be.

I've always been a defender and supported your administration. This however, is reminiscent to the administration's use of tragic events to promote political goals. I hope this is not the case. I'm sure you will make the fair and proper decision.

Thank you for your time.

Timothy [REDACTED]

Today---of all days--you had the opportunity to do more than give lip service to the words you have said of late. And don't you DARE tell me your powers are limited.

That wretched flag--which has caused NOTHING but bad things since the day it was created--was supposed to remain flying while a true gentleman, citizen, and child of God was carried into the State House for the citizens of South Carolina. He was murdered by a racist who embraced everything that wretched flag stood for. Could you have had that wretched flag removed temporarily for maintenance? Yes, you could have. You? not as far as I can tell. Allowing the hate mongering to succeed for one more day--one more day of a gifted man who left us all too soon.

Lip service, Nimrata. That's all it's been. You've told us what you can't do. Now SHOW us what you can. Take that wretched flag DOWN. Take it down for maintenance, repair, whatever excuse you want. Don't promptly forget where it was put. Other than the bigots, I don't think a single citizen of South Carolina dare object.

Do the right thing. Let the good Senator pass from the State House on his journey to his God without passing under that WRETTCHED FLAG one more time.

What a disappointment and disgrace you are to both the Republican party and to the south. Your removing the Confederate flag is the most shocking thing I have witnessed in this country. Your act just how far insecure people will go for attention and for getting their name on CNN. You are a traitor to this country as well as the Republican party. You may be in good graces with the liberal democrats for now, but you will not be so enjoy it. However, I will be dancing in South Carolina when you lose re-election. You are an error and an idiot. People like you are ruining this country and guess what - we will not forget it. Please answer this one question: What did the confederate flag have to do with the church killing? Did the flag put it there? Oh by the way, what about Ferguson and Baltimore? I suppose it was the police who were at fault. YOU ARE AN IDIOT WANTING ATTENTION - FULL OF INSECURITY!!!

<MSG>

The Confederate flag is not a symbol of southern pride but rather a symbol of divisiveness and racial hatred. In the wake of the brutal killing of nine Black people in Charleston, it's time to retire the flag to a Civil War museum where it belongs. Symbols of this kind have no place in our government. It is time to consider what is in the greater good of all South Carolinians. It is time to stand up for what's right and take down the Confederate flag! Thank you for your efforts in making this happen.

white race would make them happy?

Mam I would just like to say to you that by removing the Confederate Flag you have aided in what beginning of cultural cleansing in our great country.I was born and raised in the south and never ha of the confederate flag as hatred.It is simply a flag that shows southern pride.With what is taking pl we will see confederate statues being taken down,streets will be renamed.This is no different than l books in the war.It is simply the cleansing of our culture.The Republican Party has done nothing bu every demand of the left,when it is the left that are the ones showing hatred and bigotry.This is a sa great nation.I do pray for the families in Charleston and for the deranged killer.Jesus would ask us t him. Jesus would ask us to forgive our ancestors of holding slaves also but we should not be forced where we came from here in the south.Political correctness will be one of the downfalls of this nati the great debts our politicians have put on us.

Governor Haley, I admire and respect you and love the fact you are our Governor. The recent calls to remove the Confederate Flag to be removed are as unwarranted as they have been for years. The left wing extremists are not satisfied until there are no true Southerners left. They want everyone to be just like Californians, mindless puppets that follow idiots.

Everytime someone mentions this flag they also say "racist", or bigot, or supremacist along with it with garbage!!! Why does no one say anything about the "bloods", "crips", or MS13 gangs which are over 90% of one race each??? These gangs "hate" worse than any entity in this country but are left alone, even Barack Obama as needed to protect inner cities...how moronic.

Removing the Flag will not be the end of the Black so called "leaders" bashing the South but just fuel for them. This will just give them reason to say they have defeated the South.

You should strongly consider your position and do some reading about the true history of Lincoln and what actually happened with slaves. Go back so far as to see where the Arab nations enslaved White people of cultures have been enslaved in this Country's past but it seems the only one that gets funds and attention is Blacks...now THATS racist! What about our own native American Indian?

Thanks for your time, and please read up and think hard on this.

<MSG>

Gov. Haley, I cant believe what you have done in calling for the beautiful battle flag at the capitol to be removed. I had so much respect for you til now. I voted for you and said YES.Now we have a lady with more balls than some men do...but I was wrong. Removing that FLAG with so much history and significance to those who claim its racist..is soooo unfair.The Battle Flag has been so misunderstood and misused and now everyone should take the time to go back in history and learn a LOT.Including you Ms. Haley..I know you will win on the next election.Its WRONG to remove our Battle Flag.What's next??? I pray there is no the tragedy as what happened in charleston..a beautiful town full of the old south.but if it does I only hope the mentally ill idiot who commits it is wearing one of those Rainbow flags....and then maybe we wont be reminded of it everyday and what it stands for in this confused world.

Sincerely,

<SUBJECT>SOLUTIONS FOR CONFEDERATE FLAG</SUBJECT>

<MSG>

Dear Governor Haley,

I watched your news conference and applaud your recommendation to remove the Confederate Flag flies across from the South Carolina Capitol.

Though a citizen of the Commonwealth of Massachusetts now, I was born and raised in the Deep South. My family is directly descended from the Middleton family of South Carolina -- lineage that predates the American Revolution. My ancestors served in the Civil War on both sides of the conflict.

TWO SOLUTIONS

I offer two possible solutions to address the problems associated with the removal of the flag under law requiring a super-majority vote in both the House and Senate:

1. Repeal the original law that requires the super-majority vote -- repeal may require a simple majority in both houses.
2. Since the flag cannot be legally taken down, in the interim, you could cover the flag with a bag as it sits on the pole. This solution may meet the letter of the law (requiring the flag to remain furled) and avoid the rancor that may accompany full blown debate in both chambers related to achieving a super-majority legislative solution.

To begin to heal the wounds of the historic past and the past few days, the Confederate Flag must be removed. As you stated, no element of the past should be glorified. The Confederate Flag is a symbol of the worst of the past.

Confederate Flag was appropriated as a symbol of racial hatred -- especially since the middle of the 20th century with Eisenhower's desegregation of the military and the civil rights movement of the 1960's -- is to complete history of the symbol, as well as to embolden those, including Roof, who employ it in such way today. After all, the flag of the Third Reich does not fly today in Berlin even though the soldiers it believed themselves to be patriots at the time of World War II.

Taking action now may be a bit late for the nine souls recently lost, but hopefully, not too late for the future of South Carolina. The earth is not so rich a planet that we can afford to squander the service of good people of any race, creed, ethnicity, or gender who strive to live peaceful, productive lives to benefit their fellow citizens.

Thank you for allowing me to express my concern for my ancestral home and its future.

Sincerely,

Elizabeth A. [REDACTED]

I fully support the confederate flag

as a part of American history.

The General R. A. Lee is the most respected Military person
still today in the US.

UNITED States of America, we need to stand by ALL of our rights and not
let a few decide! everything that has happened to OUR country is important.
for one reason or another and the government should stay out of it!

let US vote and decide on ALL of our matters! WE THE PEOPLE OF THE UNITED States ,
YES ,UNITED STATES OF AMERICA! ALL of us, not some, not a color, ALL... WE the PEOPLE

it is ALL our history, just like all of black history month which was never voted on

This flag is a symbol of the South removing itself from the union a cause for
which both sides fought and died for.I am a firm believer that Southern states should
be able to fly the Confederate flag for historical purposes and Southern pride.

<http://www.nydailynews.com/news/national/black-college-student-sparks-debate-hanging-confederate-flag-dorm-room-kind-weird-black-article-1.985611>

If you want to ban the Confederate flag because of its history then may I as politely as
possible suggest you remove EVERY single flag from EVERY single flag pole on the planet
for ALL of them in some way and to many people represent a less than laudable history.

my point is history and any symbols of it should not be forgotten or hidden away for the sake of some misguided political correctness. Understand the past and remember ALL the mistakes and sacrifices made weather good or bad and learn from them or you are doomed to repeat them.

First, let me say the recent tragic events in Charleston which claimed the life of nine good people is truly an act of pure evil. The young man who murdered these good people should have to pay for h the fullest extent of the law. The families of these victims have been and continue to be in our praye I was truly disappointed in the announcement concerning the Confederate flag flying over the Soldi at the state house. This flag is no more a villain than the Christian flag or the American flag, both o been misused in some shape or form by various hate groups. These groups use these flags as a mea their own twisted hateful agendas and lines sometimes become blurred between the hateful rhetoric use and the truth and honor that surround these symbols. The Confederate battle flag at the Soldiers does not represent me or the state nor does it represent any ideology. The flag, as it flies over the M South Carolina Confederate soldiers, honors the courage and sacrifice of all South Carolinians who protecting their families, their homes and yes, their way of life as they knew it from an invading ar As a seventh generation South Carolinian, I am proud of my family's heritage of service and sacrifici great state and to the nation. Please take down the Confederate flag. It shouldn't be banned from museums but shouldn't be flying in the capital. It symbolizes racism. Larry Wilmore stated, "In 1961, [the Confederate flag] was a reminder to people that they should know their place. It has always been used as a symbol of intimidation and that's what it remains today. In fact, because displaying the swastika is illegal across much of Europe and neo-Nazis often adopt the Confederate flag in its place." When I see The Confederate flag, I do not feel proud. I'm uncomfortable & see hatred even though I am a middle-class white woman. If I feel that way, I might imagine how a black person feels. It must hurt 30% of SC to see the flag over the capital each & every year. I decide to take the flag down now & debate to put it up instead of what you are doing now...keep debating in July to take it down.

Dear Governor Haley,

First off I would like to say how proud I am of the people of the State of South Carolina in light of awful shooting in Charleston. The love and community that was shown to the families of the murdered warmed my heart and made me proud to call South Carolina my home.

In the beginning I was also extremely proud of the manner that you handled what happened. That I choked up at the microphone my heart was touched and I cried right along with you.

And then I heard that speech you gave in reference to the removal of the Confederate flag from the the Statehouse grounds. I cannot begin to explain how disappointed I am in you and what you did.

As Ronald Reagan said in time of crises "Don't just do something, stand there".

If you truly wanted to have a "discussion" about the Confederate flag there is another time and place for discussion. That darn flag did not have one thing to do with that fool murdering those people. All you did when you made that speech was cave in to media pressure. And for that I cannot forgive you. And by removing any chance of a "discussion" over the matter. You totally disregarded the feelings and the people that look to that flag for reasons other than racism. By caving like you did to the liberal media you gave them an inch and by God they are taking their mile. Things have snowballed so badly that the

removing all sorts of statues of historical figures from the Civil War. This is insanity.

I spoke to a friend of mine the other day and asked her what she thought of when she saw the Confederate flag. She spoke of her ancestors that were killed in the Civil War. These are the people that you are kicking face.

These people don't protest or get on cable news screaming about all the injustice. They quietly go on with their lives. But they do vote. My guess is that it was your national ambitions that played a part in this war. You seem to forget the road to your national ambitions run through South Carolina. David Beasley ran for governor and ended as a one term governor and was replaced by a Democrat of all things. If I recall correctly the Senate run didn't go well either.

I am not a native of South Carolina. My family moved here in 1977 and I came permanently in 1980. South Carolina is now my home. In the years that I have lived here I have grown to admire the people of South Carolina. They are fine people with hearts of gold... stubborn and independent. The Civil War started here. Reconstruction was brutal and the people from South Carolina have not forgotten. They are proud of their ancestors who stood up to the Federal Government and some lost all in the process. This is what the Confederate flag means to them.

At this point I am sorry I voted for you twice. I honestly thought you had a backbone and would stand up for ALL the people of your state.

Guess not. Live and learn.

Dear Governor, I think you taking down the Confederate flag is the wrong decision. I believe the f our history and here is what I found to support that. Please don't get rid of something over a few id the entire country.

?History books, the media, the school systems, etc abound in falsehoods and inaccuracies of Confi Southern history. This fact sheet will help to clarify and dispell some of these rampant inaccuracie

MYTH - The War of 1861 - 1865 was fought over slavery.

FACT - Terribly untrue. The North fought the war over money. Plain and simple. When the South Secession, Lincoln was asked, "Why not let the South go in peace?" To which he replied, "I can't Who would pay for the government?" Sensing total financial ruin for the North, Lincoln waged w South. The South fought the War to repel Northern aggression and invasion.

?

MYTH - Only Southerners owned slaves.

FACT - Entirely untrue. Many Northern civilians owned slaves. Prior to, during and even after the Northern Aggression.

Surprisingly, to many history impaired individuals, most Union Generals and staff had slaves to s William T. Sherman had many slaves that served him until well after the war was over and did nc until late in 1865.

... who were only freed after the 13th amendment in December o

Contrarily, Confederate General Robert E. Lee freed his slaves (which he never purchased - they were in 1862!!! Lee freed his slaves several years before the war was over, and considerably earlier than his counterparts. And during the fierce early days of the war when the South was obliterating the Yankee

Lastly, and most importantly, why did NORTHERN States outlaw slavery only AFTER the war was over? The so-called "Emancipation Proclamation" of Lincoln only gave freedom to slaves in the SOUTH! NOT the North! This pecksniffery even went so far as to find the state of Delaware rejecting the 13th Amendment in December of 1865 and did not ratify it (13th Amendment / free the slaves) until 1901!

?

MYTH - The Confederate Battle Flag was flown on slave ships.

FACT - NONE of the flags of the Confederacy or Southern Nation ever flew over a slave ship. Nor did the South own or operate any slave ships. The English, the Dutch and the Portuguese brought slaves to America, not the Southern Nation.

BUT, even more monumental, it is also very important to know and understand that Federal, Yankee ships brought slaves to America! These ships were from the New England states, and their hypocrisy is atrocious.

These Federals were ones that ended up crying the loudest about slavery. But without their ships, no slaves would have ever arrived here. They made countless fortunes on the delivery of slaves as well as products made from raw materials such as cotton and tobacco in the South.

This is the problem with Yankee history. History is overwhelmingly portrayed incorrectly by most of the & Yankee books and media.

?

MYTH - The Confederate Battle Flag represented the Southern Nation.

FACT - Not true. While the Southern Battle flag was carried into battle, the Southern Nation had 3 National flags during the course of the war.

The First National flag was changed due to a resemblance of the US flag.

The Second National flag was subsequently modified due to the similarity to a flag of truce.

The Third National flag was the adopted flag of the Confederacy.

The Confederate Battle Flag was never a National Flag of the Confederacy. It was carried into battle by armies such as the Army of Northern Virginia and the Army of Tennessee. Was also used as a Naval flag for the Confederate Navy.

?

MYTH - The Confederate Battle Flag is known as the "Stars & Bars".

FACT - A common misconception. The First National Confederate Flag is correctly known as the "Stars & Bars". The Confederate Battle Flag is known as the "Southern Cross".

?

MYTH - The Confederate Battle Flag represents racism today.

FACT - The Confederate Battle Flag today finds itself in the center of much controversy and has been banned in several states. The cry to take this flag down is unjustified. It is very important to keep in mind that the Confederate Battle Flag was simply just that. A battle flag. It was never even a National flag, so how could it have flown over a slave nation or represented slavery or racism? This myth is continued by lack of historical knowledge and ignorance. Those that vilify the Confederate Battle Flag are very confused about history and have jumped on a bandwagon with loose wheels.

?

acknowledged it as a Division Of Labor. The North made a vast fortune on slavery and it's commod wasn't until the South decided to leave the Union that the North objected. The North knew it could not survive without the Southern money. That is the true definition of hypocrisy.

?

MYTH - Abraham Lincoln was the Great Emancipator.

FACT - While Lincoln has went down in history as the Great Emancipator, many would not care to think about his thoughts on people of color. Martyred President Abraham Lincoln was fervently making plans to send the slaves to the jungles of Central America once the war was over. Knowing that African society would not take the slaves to return back to Africa, Lincoln also did not want the slaves in the US. He thought the jungles of Central America would be the best solution and conducive to the freed slaves best interest. The only thing that kept this from happening, was his assassination.

?

MYTH - The South revered slavery.

FACT - A very interesting fact on slavery is that at the time the War of 1861 -1865 officially commenced the Southern States were actually in the process of freeing all slaves in the South. Russia had freed it's slaves in 1859, and the South took great note of this. Had military intervention not been forced upon the South, a different America would have been realized then as well as now.

?

MYTH - The Confederate Army was comprised of rich slave owners.

FACT - Very far from true. The vast majority of soldiers in the Confederate Army were simple men of low income. Most of which were hard working farmers and common men. Then, as now, very few rich men fight a war.

?

MYTH - Only the North had men of color in their ranks.

FACT - Quite simply a major falsehood of history. Many blacks, both free and of their own will, joined the Confederate Army to fight for their beloved Southern home. Additionally, men of other ethnic extractions as well. Oriental, Mexican & Spanish men as well as Native American Indians fought with pride in the South.

Today, many men of color are members in the heritage group SCV - Sons Of Confederate Veteran of color and pride rejoice in their heritage. The continued attacks on the Southern Nation. The Confederate symbols are a terrible outrage to these fine people. These attacks should be denounced with as much vigor as those who denounce the South.

?

MYTH - The Confederate Flags are an authorized symbol of Aryan, KKK and hate groups.

FACT - Quite the contrary. These despicable organizations such as the KKK and Aryans have taken a piece of history, and have plagued good Southern folks and the memories of fine Confederate Soldiers fought under the flag with their perverse agenda. IN NO WAY does the Confederate Flag represent violence. Heritage groups such as the SCV battle daily the damage done to a proud nation by these hate groups. The SCV denounces all hate groups, and proudly boast HERITAGE - NOT HATE.

?

MYTH - The SCV - Sons Of Confederate Veterans are a racist, hate group.

FACT - This is a blatant attack on one of the finest heritage groups ever. The SCV - Sons Of Confederate Veterans are a historical, patriotic and non-political organization comprised of descendants of Confederate Soldiers and sailors dedicated to insuring that a true history of the 1861 -1865 period is preserved and made available to the public. The SCV continues to educate the public of the memory and reputation of the Confederate South as well as the motives for his suffering and sacrifice.

The SCV - Sons Of Confederate Veterans are in NO WAY affiliated with, nor does it recognize or glorify the terrible legacy of hate groups such as the KKK.

Dear Governor Nikki Haley,

My name is Joshua M. [REDACTED] I am a Physical Education Teacher in Atlantic City, NJ, a strength and conditioning coach and a defensive line coach. I also serve at the 177th Fighter Wing in Atlantic City as F-16 Crew Chief. I write this letter today to state my opposition to the flag used to represent the Confederacy even though it was never the confederate flag. I can understand the tradition behind the flag. I can understand it was Robert E. Lee's Northern Virginia battalion flag and later became a flag laid upon graves of fallen confederate soldiers. I can respect the opposition to the union in terms of state's rights as did Robert E. Lee also respect Robert E. Lee never actually owning slaves. The only time he ever involved himself with slaves was as executor of George Washington Curtis's will, in which he ensured the slaves be emancipated from his estate to seek employment for the value of their services as stated by the will.

Despite the rich heritage of the General Lee flag, the symbol of commemoration has mutated into a symbol of hate. In places around the world where swastikas are banned, the "confederate" flag is a place. Unfortunately the subculture of this flag has taken over the commemoration of confederate soldiers. Because of Jim Crow "separate but equal" existentialism, the flag has a different meaning. The swastika has a deep history in Germany. However, you will have a hard time finding overt support for the Nazi flag. Germans and families in Germany and as soon as Nazism gets mentioned they get very defensive. Germans are embarrassed that so many people followed a movement intent on genocide and world domination abhorrently represents the most powerful hate movement humankind has ever witnessed but the swastika is no longer the "flagship" of hate symbols. That title now belongs to a flag flown and raised in the courts of the Supreme Court. If we're so free, which we are, and we're so brave, which we also are: we should

I have had the luxury of working side by side with people of color. I'm a mostly white, partially Nat looks white, really white, even when I get a tan. I work with Americans of color who have become sisters to me. When I initially started my student teaching in Atlantic City, I had customers at the be who were shocked that I worked in AC. Sometimes I thought they wanted to check me for battle w because of their perception of the city. Initially I took it as a compliment speaking to my toughness. weeks of getting to know my students and the people I taught with. at an alternative school no less. get irritated, resentful and eventually fired back at people and their blind perceptions. even if their i partly because of media perpetuation of people of color. I can tell you that the only racism I've expe Atlantic City is at the hands of white officials who make some clearly unconscionable calls and one suggested that my coach does not instill discipline in our players. I've made some friendships that v have been possible 50 years ago. I've made some friends that would have gotten me blackballed in t south just for having my brother of another color in my house. I'm getting married to a Spanish wor the nicest human being I've ever met in my life. I have 2 best men in my wedding: one is an Irish P who looks like Mario Lopez. the other is half black and half Italian. Both are like brothers. My Hea Coach is a man who is an African American who practices Islam who has fought for my success in possible and is in my Christian wedding. A man who loves to win football games but loves even m scholarships for young brothers of color who have been devastated by the unconstitutional war on c prison industrial complex [read: legal slavery]. This is how it is supposed to be. The future of our y success of our nation is supposed to triumph over negative heritage. The French lost the French and The British lost the war of 1812 and the Revolutionary War. The Confederacy lost the Civil War. C the losing flags is flown in state houses and again, it was never the official flag.

We both know that in today's society there is a strong sense of offense. Anything can be taken as ol seems and the media only fuels the flame. I've maintained that the media often is the source of "div conquering." I state this because I'm not a social justice warrior and I do not see everything throug of race. However, one symbol that clearly represents everything wrong with one side of the racial c General Lee Flag. Imagine having a building with a nazi flag in the middle of New York City. the c highest Jewish population in America. In my opinion the confederate flag implies the same tenet, tl is superior to another because of their melanin. I'm sorry if I'm not sorry, but those who support the meaning of the flag should have stood firm behind the commemorative spirit of the flag when bigo commandeered the symbol. Those who have family members that remember being hosed down for sitting in the front of the bus or supporting using a toilet in a restaurant in order of first come first s opposed to color, see the flag as a symbol of hate. This symbol represents the prison industrial corr symbol represents the assassination of Malcolm X, the assassination of JFK and the assassination c firmly believe that taking down this flag transcends the partisan polarization of today's political are many great endeavors we've dominated in American History that exude why we're the home of bra eventual ban of the flag of the Jim Crow south will be one of them. <SUBJECT>The Confederate Flag</SUBJECT>

<MSG>

Dear Governor Haley,

While I do not live in South Carolina my heritage is there my family is from Edgefield and I went Wofford College. I am really disappointed that you decided to remove the flag from the capital grounds. A compromise was reached and that compromise should be honored.

It sickens me that some hateful sick individual wrapped himself up in the flag to spread some racism. For me the Confederate flag does not represent hate and evil and a desire to enslave African-American. It is a symbol of my heritage and my history. I am extremely disappointed that you caved to a lot of media controlled by President Obama, who are couching the flag as some horrific reminder to people of evil and presume that if you support it you are a racist bigot. It is the same Obama controlled media that identifies Christians as racist bigots for holding true to the religious convictions. That is what is dividing President who is dividing this country. A compromise was made regarding the Flag and it is honored by both sides of the issue. It may be offensive to some but I see offensive things everywhere. Cameras at stop lights is offensive and invasive. I think women who wear burkas in the United States because here women are free. It is offensive that we are even having a debate about whether Sharia should be applied here. Jay-Z and his Rap and all the violence spewed in rap music with its hate and angers. Objectifying and demeaning women is offensive. Where is the call to remove those from our society.

... Media telling me that the Confederate Flag is a symbol of

having to cave into the demands of a race-baiter or the NAACP. Slavery ended 200 years ago. Ever then has been in some mode to deal with the repairing that episode in our history. Plessy v. Ferguson court decision said that separate was equal. That was under the American Flag. Brown v. Board of Education rescinded that 100 year long standing decision and it created issues. Since then we have had the Equal Rights Act, the Voting Rights Act, the Equal Employment Opportunity Commission, Affirmative Action and a host of other programs and initiatives to level the playing field.

I have ancestors who fought and died on both sides the blue and the grey and I place a value on the American Flag as a commemoration of a War that tore this country apart and those who died for the cause to preserve the States rights to self determination and economic independence and growth. Those concepts while they may have revolved around Slavery, they are still very much prevalent today when we have a President who tramples all over the Constitution and destroys the Freedom of Speech, of Religion, to Bear Arms, and of inalienable rights. Christians are being attacked as evil hate mongers who are murderers for their religious beliefs in my mind. And I for one cannot understand how you can so easily cave to the obvious liberal attack on the Confederate Flag because it is a symbol many hold dear in the South and the South is predominantly Conservative. I see it as nothing but an attack on our culture and our heritage using Slavery as the excuse. It was a battle flag during a Civil War its relationship to Slavery is only tenuous to the fact that the war was fought and a portion of that fight dealt with Slavery.

I am extremely disappointed in the decision. I wish you would reconcile the issue and honor the compromise that was made 14 years ago.

Sincerely,

Dirk [REDACTED]

Dear Governor Haley .

I am deeply saddened by the tragedy that happened June 17.2015 in Charleston South Carolina wh was taken from us by a heartless coward .and I use the word heartless for therein lies the problem i problem . This problem didn't just start , it started back in 1962-63 when prayer and the Bible was our schools and I think anyone would have to say in all honesty that the country's morality has gon a rapid pace , you see that is why we have such tragedies such as happened on June 17.2015 . It jus at how the first thing that people start doing after a tragedy such as this , is start the whole political agenda instead of addressing the real problem at hand .Just like now .. It's the Battle flag that cause which there is nothing further from the truth . It was a person with a heart full of hate that should b accountable . You see this Battle flag may not mean much to some people but it means a lot to the had ancestors that bleed and died for the Southern States and the Battle flag . Our ancestors that fo in he civil war should be treated with the same respected as any other American soldier , their live mattered too. this flag is not a symbol of hate , It is history . The primary cause of the Civil War w North became more industrialized , it led to disagreements on taxes , tariffs and international impr well as state rights versus federal rights . I mean really where does this all stop , there is some peo the American flag offensive .Is the American flag the next one you want to take down ? You see i to allow people to trample on our history then one day we will become nothing more than some sc in which doesn't believe or stand for anything . I guarantee you take away the Battle flag . The An
1. Bible or something else that someone says offends them and only one thing will happen .

which you are doing by wanting to take the Battle flag down .. This is supposed to be "We The People The Few" ... So I pray you will address the real problem ... Start letting the people that commit these crimes be responsible for their actions and not try and make excuses for them as the news media tries to say it wasn't a flag nor a gun that was responsible , It was a heartless coward as I said earlier It's a heart problem you have sit back and allowed God to be taken out of everything because it may offend someone that's a problem lies Without God the heart is a dark place , then you throw in playing video games that are violent and children to kill and violent movies you have a perfect recipe for disaster .

May God Bless South Carolina and God Bless America !

Governor Haley,

I have followed you for some time and, until now, been impressed by your service. I feel you miss the Confederate flag and you've started an all out assault on conservative values by feeding the libe Now they're going after statues and monuments.

Here's the hypocrisy of liberal logic. I know and believe that the Confederate flag was a battle flag Virginia, unrelated to slavery and racism. But, because they associate it with racism, their opinion 1 amendment right to fly it! Now, ask them why it's OK for them to stomp & burn a US flag and scream 1st amendment, saying it trumps my opinion!

Just as guns don't kill people, flags don't make guns kill people. It's NOT the fault of an inanimate heart problem. There's a fix for it, but it's not the banning of objects.

By their logic of racism associated with a flag, we should ban the US flag. Mind you, they are already in many places in our country! Please see this picture of the KKK using the US flag.

I hope you actually see this and don't dismiss it because I'm out of your constituency

Thank you.

P.S.

I've been in law enforcement for 30 years and have 2 sons, who are officers as well. The current climate only be worsened by acts such as this, while the Black Panthers will continue to call for the death of & white babies.....all while carrying a flag associated with racism.

Political Activists, to include EBay, Walmart, etc... have disgraced all those who fought for the Co and only wanted to keep the Union from dictating how each person, and each state managed their a slavery was a "part" of this for both the Union and the Confederate States as there was slave owner the Northern and Southern states. Most of the non-black slaves: Irish, Chinese, and many other nat sold into slavery, or indentured service and prostitution in the Colonial Ports of the north such as N and Boston. But the individual soldier fighting on both sides were mostly non-slave owning and w for their personal believes and not for the right to own a slave.

Just as in every other war, the Soldier is put down and not recognized for himself. The fight over th Confederate Flag, statues and landmarks are being put under at the expense of the Soldier and not i betterment of slaves and/or racism. Those shouting the loudest are the biggest bigots and racists an include President Obama. Our nation has no leadership.

Dylan Roof is a drug user, and one drug of choice is Suboxone. This twenty-one year old is sick bc and mentally. The way these killings came about are the product of this sickness and makes him ne terrorists nor a racist. The "lynch mob mentally" of the media, the President and the rest of the raci political activists to South Carolina Governor should be ashamed of putting their personal views al facts prior to a finding by our legal system, that may include a finding of temporary insanity.

These objects associated to the Soldier should never be apart of the discussion to fix any problem l

But as the old saying goes, "This wouldn't sell newspapers.

The president of South Carolina said that? So it will happen. There's a president in each state? The literature about the true nature of the Civil War? But that would mean Lincoln was bad. Would that be if Lincoln was bad? If the Confederate flags are removed, will black citizens be able to visit whites? Will black ones be okay in terms of their strengths. if the flags go? Will the black ones be allowed to use other facilities, to engage in analysis?

Evil Cannot Be Legislated Away. It is time to empower more 'Shepherds'.

Why did the psychopath sit in the targeted prayer meeting in Charleston and wait for nearly an hour deciding to follow through with his despicable plan? Firstly he is a coward and needed time to screw up the courage to follow through with the atrocity, but MORE IMPORTANTLY he took time to assess his personal risk! If he had encountered armed security in that room as he entered it, he would have immediately turned around and gone home. Even if he had impulsively drawn his weapon and fired, armed security would have terminated the threat and lives would have been saved. Better yet, if just one Christian in that room had embraced the concept of concealed carry to protect himself and the others with him, the threat would have been stopped and lives saved by that Christian shepherd. Cowards do not stand up to evil when met with strength. Somewhere the idea has arisen that people cannot be trusted with weapons. It's time to return to the wisdom of our forebears who embraced independence, self-reliance, and a realistic position that one must be ready to meet evil with force. There would be no Constitution if a generation had not been assured that the power would remain in the hands of the people, both individually and collectively, rather than in the government. This fact of an individual's God-given right to keep and use a firearm for self defense was codified after intense debate in the 2nd Amendment and has been recently affirmed by the Supreme Court. ("The 2nd Amendment Primer" by Les Adams). Carrying a concealed weapon for self defense is not antithetical to Christianity. Indeed we have forgotten that the LORD is not just a Merciful God, but first and foremost a God of Justice, a Warrior God, quick to fight against evil. We cheapen the idea of God when we forget his fierce Holiness and swift judgement. Indeed the 'fear of the LORD' is the

found there. He found and rewarded the 'man after his own heart' in King David, who was a warrior defeating evil, first against the predators arrayed against his sheep and ultimately against the Goliath against God's people. King David did not go about without a weapon to protect himself and others. Israel needed a leader. 'the angel of the Lord appeared to Gideon and said, "The LORD is with you. Warrior". The point is that Christians who embrace the concept of concealed carry to protect themselves others embrace a sound, realistic and wise approach to reality. Evil doers and cowards do not stand armed resistance. In fact, many reading these words have been protected by concealed carriers with knowing it. And therein lies reason to empower normal everyday, law abiding, responsible citizens to carry concealed without restriction. Be sure the criminals already have all the tools and weapons carry out their plans against defenseless victims, and furthermore, Law Enforcement cannot protect the time. The best they can do is respond to the violence that has already taken place. Take note that other intended mass shootings in places of worship have been stopped by armed resistance, one by security and the other by a concealed carry parishioner. It's time to trust the people and stop government restrictions on our right to self defense. It's time for We the People to take personal responsibility for ourselves and for our families. If the Legislature is not willing to trust the citizens who elect them not willing to pass the 'permitless carry' bill before the Legislature, then perhaps it is time to stop them to honor their oaths of office and the privilege of representing us in government.

History books, the media, the school systems, etc abound in falsehoods and inaccuracies of Confed Southern history. This fact sheet will help to clarify and dispell some of these rampant inaccuracies

MYTH - The War of 1861 - 1865 was fought over slavery.

FACT - Terribly untrue. The North fought the war over money. Plain and simple. When the South : Secession, Lincoln was asked, "Why not let the South go in peace?" To which he replied, "I can't let Who would pay for the government?" Sensing total financial ruin for the North, Lincoln waged war on the South. The South fought the War to repel Northern aggression and invasion.

MYTH - Only Southerners owned slaves.

FACT - Entirely untrue. Many Northern civilians owned slaves. Prior to, during and even after the Northern Aggression.

Surprisingly, to many history impaired individuals, most Union Generals and staff had slaves to serve. William T. Sherman had many slaves that served him until well after the war was over and did not until late in 1865.

U.S. Grant also had several slaves, who were only freed after the 13th amendment in December of

Contrarily, Confederate General Robert E. Lee freed his slaves (which he never purchased - they were in 1862!!! Lee freed his slaves several years before the war was over, and considerably earlier than counterparts. And during the fierce early days of the war when the South was obliterating the Yankees.

Lastly, and most importantly, why did NORTHERN States outlaw slavery only AFTER the war was over? The so-called "Emancipation Proclamation" of Lincoln only gave freedom to slaves in the SOUTH! Not the North! This pecksniffery even went so far as to find the state of Delaware rejecting the 13th Amendment in December of 1865 and did not ratify it (13th Amendment / free the slaves) until 1901!

MYTH - The Confederate Battle Flag was flown on slave ships.

FACT - NONE of the flags of the Confederacy or Southern Nation ever flew over a slave ship. Neither did the South own or operate any slave ships. The English, the Dutch and the Portuguese brought slaves to America, not the Southern Nation.

BUT, even more monumental, it is also very important to know and understand that Federal, Yankee ships brought slaves to America! These ships were from the New England states, and their hypocrisy is atrocious.

These Federals were ones that ended up crying the loudest about slavery. But without their ships, no slaves would have ever arrived here. They made countless fortunes on the delivery of slaves as well as products made from raw materials such as cotton and tobacco in the South.

This is the problem with Yankee history. History is overwhelmingly portrayed incorrectly by most of our & Yankee books and media.

MYTH - The Confederate Battle Flag represented the Southern Nation.

FACT - Not true. While the Southern Battle flag was carried into battle, the Southern Nation had 3 National flags during the course of the war.

The First National flag was changed due to a resemblance of the US flag.

The Second National flag was subsequently modified due to the similarity to a flag of truce.

The Third National flag was the adopted flag of the Confederacy.

The Confederate Battle Flag was never a National Flag of the Confederacy. It was carried into battle by armies such as the Army of Northern Virginia and the Army of Tennessee. Was also used as a Naval flag by the Confederate Navy.

MYTH - The Confederate Battle Flag is known as the "Stars & Bars".

FACT - A common misconception. The First National Confederate Flag is correctly known as the "Stars & Bars". The Confederate Battle Flag is known as the "Southern Cross".

MYTH - The Confederate Battle Flag represents racism today.

FACT - The Confederate Battle Flag today finds itself in the center of much controversy and hooped up in several states. The cry to take this flag down is unjustified. It is very important to keep in mind that

have flown over a slave nation or represented slavery or racism? This myth is continued by lack of ignorance. Those that villify the Confederate Battle Flag are very confused about history and have a bandwagon with loose wheels.

MYTH - The United States Flag represented freedom.

FACT - No chance. The US flag flew over a slave nation for over 85 years! The North tolerated slavery and acknowledged it as a Division Of Labor. The North made a vast fortune on slavery and it's common wasn't until the South decided to leave the Union that the North objected. The North knew it could not live without the Southern money. That is the true definition of hypocrisy.

MYTH - Abraham Lincoln was the Great Emancipator.

FACT - While Lincoln has went down in history as the Great Emancipator, many would not care for his thoughts on people of color. Martyred President Abraham Lincoln was fervently making plans to send slaves to the jungles of Central America once the war was over. Knowing that African society would not accept the slaves to return back to Africa, Lincoln also did not want the slaves in the US. He thought the journey to Central America would be the best solution and conducive to the freed slaves best interest. The only thing that kept this from happening, was his assassination.

MYTH - The South revered slavery.

FACT - A very interesting fact on slavery is that at the time the War of 1861 -1865 officially commenced the Southern States were actually in the process of freeing all slaves in the South. Russia had freed it's slaves in 1859, and the South took great note of this. Had military intervention not been forced upon the South, a different America would have been realized then as well as now.

MYTH - The Confederate Army was comprised of rich slave owners.

FACT - Very far from true. The vast majority of soldiers in the Confederate Army were simple men with low income. Most of which were hard working farmers and common men. Then, as now, very few rich men fight a war.

MYTH - Only the North had men of color in their ranks.

FACT - Quite simply a major falsehood of history. Many blacks, both free and of their own will, joined the Confederate Army to fight for their beloved Southern home. Additionally, men of other ethnic extractions as well. Oriental, Mexican & Spanish men as well as Native American Indians fought with pride for the South.

Today, many men of color are members in the heritage group SCV - Sons Of Confederate Veterans. Men of color and pride rejoice in their heritage. The continued attacks on the Southern Nation, The Confederate symbols are a terrible outrage to these fine people. These attacks should be denounced with as much vigor as those who denounce the South.

MYTH - The Confederate Flags are an authorized symbol of Aryan, KKK and hate groups.

FACT - Quite the contrary. These despicable organizations such as the KKK and Aryans have taken a piece of history, and have plagued good Southern folks and the memories of fine Confederate Soldiers who fought under the flag with their perverse agenda. IN NO WAY does the Confederate Flag represent violence. Heritage groups such as the SCV battle daily the damage done to a proud nation by these

MYTH - The SCV - Sons Of Confederate Veterans are a racist, hate group.

FACT - This is a blatant attack on one of the finest heritage groups ever. The SCV - Sons Of Confederate Veterans are a historical, patriotic and non-political organization comprised of descendents of Confederate Soldiers and sailors dedicated to insuring that a true history of the 1861 -1865 period is preserved and made available to the public. The SCV continues to educate the public of the memory and reputation of the Confederate as well as the motives for his suffering and sacrifice.

The SCV - Sons Of Confederate Veterans are in NO WAY affiliated with, nor does it recognize or support the terrible legacy of hate groups such as the KKK.

Sense this is a hate and slavery issue , WHEN are they going to remove all the other hate and slave as " MLK statues. rename streets with MLK on them. take down all pictures of MLK. " Don't you only fair ????? These are hate items also. Just so you know both Whites and Blacks fought for the Flag. This was not a race issue or a hate issue. This was just another way for the Blacks to attack th you fell for it. You have started a race war and don't even know it. Your move just made those scar memories even deeper than they ever were. You gave in to the hate of the Blacks for the Whites. I call. I am sorry for you and want you to know I will never support you ever again unless you put a am sure if you don't there will be trouble started somewhere. May cause more killings and hate. PL your mind on taking down the flag. The end results may come back on us all. Thx for what you dic but I can only wait for the next election.

<SUBJECT>Removal of the symbol of hate to many Americans </SUBJECT>

<MSG>

I grew up in the Land of Lincoln, so I wasn't exposed to seeing the Confederate Flag very often, but I wanted to remove it.

I was first exposed to African Americans students while teaching in St. Louis in a school that was part of the desegregation program in the late 1980's. The students and the staff taught me so much about race.

After that, I taught in a multicultural school in Houston, for three years and I had students from over 50 countries in the early 1990's. The students, their parents and the staff taught me even more about different cultures. What I remember the most about those three years was being told, "Go Home Y'all" times in what they call a "whisper campaign".

I ended up teaching in the state of Indiana until it was decided by Mitch Daniels and others to sacrifice the greater good. I have tried to work with Governor Pence about using me for other people's interests from my own and by doing so, he is putting my life in danger and those around me. I believe he still has him. Please remove that flag.

Sincerely,

Linda [REDACTED]

Dear Ms. Haley,

I am originally from the north but have a lot of "kinfolk" in the southern states. The hypocrisy of the confederate flag issue is borderline ridiculous! Here are just a few facts about our beloved "stars and stripes":

1. It was the symbol of genocide millions of American Indians and their culture (survivors put on reservations far worse than even the slave issue!)
 2. It flew over the northern ships which brought African slaves to the Americas for decades
 3. It was the symbol and used by the KKK throughout the USA (north and south)
 4. It flew over the slave states that fought for the Union during the Civil War.
 5. It was created and used by our "forefathers" which were slave holders and lived in the 13 slave states
- So should we take this "evil symbol" down, too? Far worse than the Rebel flag. Now do you see what is happening?

I have no feelings either way about the confederate flag. I grew up in Colorado and never gave it a t moved here. However, if you are going to remove the confederate flag because it offends people, pl banning men from wearing their pants below their hips and showing off their boxer shorts. This TR me. This act of showing off boxer shorts is disrespectful not only to women, but to our older genera deserve nothing but respect. We all want respect; black, white, etc. It is hard to respect those who d themselves.

Thank you for your consideration.

Governor, I know you a first generation American who was born in 1972. So you ain't got a lot of history in American History. But I wish you would share some of your state's history as willingly as you read a paper.

BTW Governor do you know that mentally ill man violated a SOUTH CAROLINA law by taking a gun. He did. Does that mean you going to strangle state with gun laws, how about more laws on mental health. Republican like YOU, ignores Reagan and sides with evil gripping this country. Well Governor long jump to conclusions. I pray you will jump into a bible read about that double minded man who was all his decisions. God bless

An Open Letter to the Governor of South Carolina. Nikki Haley: 25.6.15

Madame Governor, What is to be the depth/breadth of your leadership thru this tragedy that took place last week in Charleston?

-I saw your honest personal and human expression of compassion for this tragedy and was touched
-I saw your recent press conference with the legislative leadership and your announcement to obligate discussion/debate on the future of the confederate battle flag that flies on State grounds, a flag that offends active government and offends so many and I applaud that beginning and initial step. A flag that also ironically, to misrepresent and misremember the truth of its purpose. But, harder yet necessary still also, is it not, the removal of the nearby statue, that also offends many, that honors a man who was guilty by corruption in public office and a publically known leader and active participant of the "red shirts" legacy of open brutality to Black Americans in South Carolina. That "heritage" cannot be for the future of the state, surely. The remaining Nazi's in Germany (or today's skinheads) must wax nostalgically at the fact that it is illegal to display the Swastika) vs. our ability to romanticize such a similar symbol as theirs. And I wonder if that is the sum of what you can understand needs doing.

So I stand and publically ask you:

-where is your full courage to lead in the performance of the public trust of the office that you occupy? start/oblige and organize the necessary journey of the people of South Carolina to a more complete understanding of why such an act as this can occur in this state, whether they believe they are ready to understand the need to do so or not? It is you, is it not, who must remind us of what makes us better? should take us beyond our own narrow understandings to see the better future, as you say, for South Carolina.

duty and that your advisors hold your "best interests" at heart and they counsel that you shy away from this persistent and complex issue that is in real denial in all of us to such an extent that it is around the world as the "American dilemma"?

-I've recently read a published letter of a very hopeful (for us) South African living in the US and how the South Africans worked to deal with apartheid via an imperfect yet honest process of "truth reconciliation", a process that asked them to face their violent, racially-divisive past; a process that leadership from all sectors of the country: police, legislative, private and religious. And, as we well South Carolina are implicated in that period for South Africa in that much of the Apartheid system structured from the South's Jim Crow system .yes, that "Crow" was ours.maybe not made by you or surely and sorrowfully, a part of our heritage as well!...and I have asked myself why we cannot find that we do have to do the same. Or, have we forgotten that such is possible for us? Is leadership afraid? Is leadership afraid of "necessary"? Is today's leadership afraid of "leading"? Is leadership misunde it has to act in order to "earn" respect?

To paraphrase Pogo: I've seen the enemy and it is us in our denial [at all levels?] in such matters!

-Isn't it time to stop asking the victims to forgive, allowing the rest of us to forget and remain distant and demand that we all work to deal with this, knowing that this is a civic and community "problem" "duty"? Wouldn't we want to more so teach our children how we "got over" and came thru this to better than struggle to explain how, in a "free society such issues are "complex and difficult" and therefore challenging to take-on? .is that us, our "American way"? Is "duty to country" only for that military you and we should be so proud of?

This is not a matter left for our church leadership to deal with. They cannot do it alone. Rather, it is YOU and the legislature as the highest state representatives of our public trust and aspirations to talk and to LEAD ALL OF US in, involving other leaders as you see fit.

To paraphrase Zorba (the Greek) who, when he asked why people, why the young, die and was told a question over which scholars could only agonize without answer, responded: "I spit on their agony" as he, regarding our so-called "difficulty in an open and democratic society" to organize to thoroughly such an issue, the resolution of which would so clearly free us to move, with all of our admired and energy for fairness and progress, into a truly better future, no doubt, an example to other communities throughout the world. In the absence of leadership and vision, we follow what "false and lesser god I always understood that , as Americans, we did not have to be bound by nor afraid of our past,that capable of choosing what matters to us, unlike so many other cultures, facing it and moving-on. But psychiatrist will tell you, you can't really "move-on" without facing your fears, etc. To paraphrase C what you don't face within yourself, you are obliged to face in the world,that is what karma/fate is. ; Sikh spiritual tradition well knows.

Why not South Carolina? We've been first in many things, since the founding of this country,including times the most problematic,why not be first among others again but this time in an inclusive and more progressive and positive direction? Acknowledging our past honestly, making peace with it, we will leave it behind and to honestly and wholeheartedly move forward, making South Carolina the "go to much wants to be but can never be without this resolution.And we should do so in helping those who such falsehoods to find new and more positive ideals.

I openly, and hopefully on behalf of ALL South Carolinians,challenge you, Governor Haley, to step elected/sworn duty to lead and begin/organize a sincere and sustained effort to surface and oblige all Carolinians to better learn/deal with the truths of the race/inequality issues that persist in this state; ; surely will involve what we will teach our children (via civics classes and discussions, and town meetings example), who will otherwise inherit this "confusion" and be asked to endure more of these totally terrible tragedies. Do we really want South Carolinians to have to leave the state to find their futures often to this "heritage"?

Madame Governor, I ask you to publically state your understandings, intentions, courage and role re future of dealing with racial issues in this state. Carpe Diem!

Richard K [REDACTED] resident of South Carolina

Gov. Haley,

I am a former resident of your state. I lived there in childhood from 1974 until 1990. When I was at the University of Pennsylvania I ran from South Carolina to find a better opportunity for myself. To become a successful executive in a New York-based insurance company, and I have a very good life.

I have lived most of my adult life embarrassed to tell people where I came from because of the racism of South Carolina. Yesterday you did an incredibly courageous thing to front-lead your party in requesting they finally do the right thing and erase the racist Confederate battle flag from the grounds of our state. That battle is not yet finished and I hope you can complete it.

I personally grew up in Irmo, graduated from Irmo High School. I am a National Honors Society scholar who ran from South Carolina at the first chance that I had. I had a great upbringing there, but as a gay man no way I could make a life and career for myself in SC in the environment that I grew up in.

Your very wise statements yesterday were a start. A great start. But until you understand that people leave your state - smart people with a lot to offer - simply because they are gay or black and worried about their lives under your administration, then the people you are left with are not leaders, but simple BMW factory workers who won't contribute a lot to SC society.

and gays are respected like they are in the rest of the country. Catch up, SC - my home state. Until I and others like me will never go back.

My best regards to the governor.

Rodney
