Subject: Why more people 55+ are working

News & Events: November 23, 2016

New final rule

OSHA has updated [standards](#) for walking-working surfaces – changes that could prevent thousands of injuries each year.

Our aging workforce

By 2024, nearly 1 in 4 people in the labor force are projected to be 55 or over. [Learn why.](#)

In Case You Missed It

Making dough

A pizza company dishes on the key to success.

Record lows

Mining deaths and injuries fell over the past year.

Career-ready students

How #ApprenticeshipWorks for high schoolers.

Preventable deaths

Trench collapse fatalities more than doubled in 2016.

Vets in the labor force

Check out this overview of the latest data on veterans.

\$1.2M owed

Construction workers were underpaid at a Manhattan site.

DOL Working For You

From retail to building bridges

After years of working in retail, a chance to apprentice opened new doors for Debbie. Today she's a fully licensed heavy operating engineer working on major infrastructure projects in her home state. [Read her story.](#)
