In the woods near the unfinished wall lay the stones that would have been used to finish the wall. The stones have been here since 1941 and never moved. This is where the CCC laid them because they were going to use them, but never got the chance.

Patti Wygant We will definately take a better look next time we are over there, TY again for the info and pictures

Patricia M. Bowie I have very fond memories of Lake Greenwood. When I was a student at Lander College, now Lander University, I learned how to water ski on this lake.
