I am signing because endometriosis has taken so much of my life away from me. I have lived in daily chronic pain, no longer able to work. After 44 years of dealing with the horrible disease, there is still no known cause or cure for endometriosis. Job, relationships and general day-to-day life has been impacted. And because it is a 'invisible' disease, no one remotely understands the disease, including the medical field. I want a cure in my lifetime!!!!

I too have endometriosis and I believe it should be recognized by everyone the way other diseases are. I believe it should be recognized as a disability.
