What an amazing program. I grew up in Berkeley County and I am an alumnus of Timberland High School, so I am especially excited that this amazing program will benefit children from my community.

I will deliver this information to the Lieutenant Governor. Thank you both so much for your help.

Sincerely,

Hayden Grooms

Thank you, Mayor Bob and Hayden.

You can send the letter to the name and address below.

Google  
Lilyn Hester  
200 W Franklin St  
Chapel Hill, NC 27516

The unveiling is at 11:30am on Monday at St. Stephen Middle School. This program provides supervised Wi-Fi accessibility on select Berkeley County school buses to help students further their academic pursuits while on lengthy commutes. In February, 28 Berkeley County school buses that support six Title I Schools - Cross Elementary, Cross High School, JK Gourdin Elementary, St. Stephen Elementary School, St. Stephen Middle School, Timberland High School- were wired with WiFi. More than 1,700 students from those schools, which cover the St. Stephen and Cross communities, received backpacks with Chromebooks to participate in RSH. At the end of the school day, teachers board the bus and assist students with their homework or participate in coding activities.

Let me know if you need anything else.

Good afternoon,

It is my understanding that Google is unveiling a "Rolling Study Hall" program in Berkeley County, but we are just lacking details on the unveiling event itself. The Lieutenant Governor is drafting a letter, congratulating and thanking Google for their investment in South Carolina schools and schoolchildren, but I am wondering to whom the letter should be sent. If you could send me details on the unveiling event and some more information about the program that would be helpful as we move forward in this process.

Thank you for your help.

Hayden Grooms
