Day 9! We're having fun on Facebook, presented by Academy Sports + Outdoors! Comment on this post with your favorite state park camping memory! We want all the fun details and a picture of the memory would be great -- but not required! We will select our 20 favorite to receive a \$25 Academy Sports + Outdoors gift card! Contest runs until midnight 12/9. Winners will be announced/contacted by December 13.

**This contest is not affiliated with Facebook.

Ben Treaster Many years ago my now wife, Melissa Randall Treaster and I spent many summers camping with her family at various state parks across the state. One summer, while at Hunting Island State Park, I took my wife for a moonlit walk on the beach and nervously got down on one knee. I popped the question and she said yes! The rest is history from there. We now have 3 children who love camping just as much as we did back then. I've got piles of Memories at state parks both as a kid and with my Kids but that one is my favorite!

Jessica Yonce Lee My favorite memory was at Table Rock State Park. It was back when they had the high dive. I'm incredibly afraid of heights. It took me a hot minute to jump, but I did it. I'm so glad I did. Great times.

Erin Baird Our favorite camping experience was staying at the Guillebeau house in Hickory Knob State Park this fall. Not only is the park gorgeous with so much to do, the historic cabin was SUCH a cool experience. Our daughter was a little uncertain at first but definitely came to love it. We loved the hiking, the golf, and the archery!

Ashley Shealy My husband and I are about halfway through our Ultimate Outsider 😊 One of my favorite trips was to Hamilton Branch where it rained all weekend. We put up a big tarp and just enjoyed tent camping in the rain- it was so relaxing and fun- even if it was a little soggy!

at 13:37:57 on 12/09/2021 UTC

Kristianna Gentry Back in 2019 we tent camped at Keowee-Toxaway and my favorite thing was sitting by the water seeing sunrises and sunsets. It was always so peaceful.

at 13:38:20 on 12/09/2021 UTC

Logan Doswell Mauldin I actually love Barnwell State Park, it's a small park but nice. We love to fish and visit Miller's bread basket when we go. I loved using our truck camper there and spending a lot of time outside with my boys.

Julie Lord Harrington Myrtle Beach State Park. Camping with the scouts, family & friends. We had Santa come visit our scouts too.

at 13:40:27 on 12/09/2021 UTC

Melissa Leitzsey Charles My favorite state park camping memory is from June 2011 when my then-boyfriend, now-husband and I went tent camping for the first time at Dreher Island State Park. We built a nice campfire, he played his guitar, we rode our bicycles, and we had an awesome view of the lake! It was the perfect camping trip and made me realize trips with him would always be an adventure!

Sara Green Edisto Beach state park is my favorite park. Love to sit on the beach and watch the waves. Walk to find shark teeth and pick up shells.

Erica Whitt We went to Charles Town landing over Thanksgiving weekend. The animal park was AMAZING!!! We are on the journey to become Ultimate Outsiders and have loved seeing all the different things the parks have to offer!

Wendy Jones Sease This is one of my favorite memories at Dreher Island State Park which is my favorite state park. My only grandchild came to visit while we were camping and had a blast on one of the playgrounds in the park. Look at that smile while Pop Pop was swinging her. Her mom was swinging too as you can see.

Christopher Bill Post 2 mile hike into Jones Gap to our campsite, which got hit with torrential rains on night 2, items floating in our tent. Packing everything up and hiking out via the rivers that were previous trails! We'll never forget that!

Julie McGee Nix Tried tent camping 13 years ago in the rain at Edisto Beach State Park... "surely this rain will pass," we thought over and over. The rain never passed. 😊 We were soaked, we packed up our camping gear at 4:30am and headed back home. Our camping trip wasn't even a 24 hr trip! We were definitely rained out, but years later we can finally laugh about it. 😊

Rachel Timmons Hickory knob state park this July. Our whole family went camping! 4 campers and one tent. The parents, grands, siblings, and nephews and nieces. We had so much fun, we want to make it a yearly tradition!

at 13:43:51 on 12/09/2021 UTC

Megan Lane Our favorite is probably Hunting Island State Park. How secluded it is and the wildlife. Even the pesky raccoons and how they can open things and steal our cheetos lol.

Fernando Diaz Hunting island state park. My wife and I went camping for the first time together. We visited the beach trees and the lighthouse and it's one of our most memorable trips ever. We left there and on the way home made an "accidental" exit to visit Charleston. We moved to Charleston two years later.

Brian Sofield The week before Christmas in 2019 at Sadler's Creek. It was my girlfriend's first ever camping trip. Temps were in the 30's and we were in a tent with my 2 dogs helping keep us warm! She was a trooper and that weekend actually got her hooked on camping!

at 13:46:34 on 12/09/2021 UTC

Lisa Crouch My favorite camping memory....
Every year our family does an annual family trip to Huntington Beach Campground. My son, who is now sixteen, has celebrated every birthday but 2 on this trip. One particular birthday, about 9 years ago, we were at our campsite cooking ribs and setting up for the party with family. Suddenly, a terrible lightening storm came up and we were forced to move our party to the campground picnic shelter. Everyone loaded up coolers, cake, supplies etc , which included a hot charcoal grill. My sister in law and I, crazies, sat on the tailgate of my dad's truck holding the grill that was still cooking all the way around to the shelter. Once we got to the shelter, we proceeded to begin transferring the grill, coolers and etc into the shelter.

Because the floors were wet and we were hurrying, it became like an ice rink to my dad and my husband who were both carrying the coolers. They both ended up on their knees sliding across the concrete. Luckily, everyone though hurried, was in a great mood, so the comical transition had not dampened our spirits. This was a good thing because as we all settled in, we looked to our left and up in the back left corner of the shelter was a mama and her baby raccoons. We all laughed out loud, made an agreement with the raccoons that if they left us alone, we would do the same. We quickly ate, cleared out from the shelter and still hold this birthday for my son as a treasure to share a family laugh.

Hayli LivHoov I currently have an almost 2 year old, that was 2 weeks old when the world shut down. Because of that, our family missed out on the first 2 months of her life (except for driveway visits). That summer, we bought a camper in hopes of being able to still travel and adventure, without the worry of shared space in hotels, etc. In Nov, 2020, my side of our family all hooked up the campers (to include my 85 year old grandmother) and stayed several days at Croft State Park. It was amazing to have everyone together, enjoying the campground. We'd been a camping family most of my life, so having everyone "under the same awning" was awesome! *two of our best friends, who are more like family, also joined in this special trip.

at 13:47:12 on 12/09/2021 UTC

Rebecca Epps We became Ultimate Outsiders at Santee State Park in November of 2021. This is one of many favorite memories we have!! While there we enjoyed walking the trail to see the massive sink holes the park has. Can't wait to go back and fish here in the warmer months (it was freezing and way to windy to cast out🤦)

Abbie Leigh Atalaya sleepover at Huntington Beach State Park a couple weeks ago! We had so much fun and the rangers/volunteers were fabulous! The food was excellent & we made so many amazing memories 😊 My kids enjoyed ghost stories by the campfire and the Ghost Crab "hunt"/looking for turtle eggs♥ The last eggs were set to hatch from a Green Sea Turtle 2 days after we left!

This was in October of this year, we have great memories, lots of laughs, and enjoyed the time spent with family and friends.

at 13:47:46 on 12/09/2021 UTC

Megan Powell We love SC state parks but I think my favorite memory may be our first time staying in a cabin at Devils Fork on Lake Jocassee. It was in February and we nearly had the park to ourselves so we enjoyed hiking and playing on the playground. The lake was beautiful and the best part was that our children and fur baby got to play in the snow (which we don't see much of this living just an hour from Myrtle Beach)!! It was an absolutely wonderful trip!

PeggyKen Trout Sunrise at Hunting Island State Park, one of our favorites

at 13:48:32 on 12/09/2021 UTC

Carlene Roberts My favorite memory is when our group of cub scouts went on a camping trip together. It was cold and rainy, and all the adults were miserable, but it was so fun seeing the young boys running around enjoying themselves together. Unfortunately I don't have a picture, but at one point all of the boys had light sabers and they all came together running toward each other with their light sabers up in the air and it was just a wonderful fun memory and experience.

at 13:49:32 on 12/09/2021 UTC

Lori Gates Richardson My favorite state park memory was made this November at Santee State Park. My husband grew up on the lake and always wanted to go back and share it with us. I surprised him with a camping trip/birthday bash having great friends camp beside us and even had his mom join us. He said it was better than a corvette (that's what he jokingly asked for his birthday).

Evan Stiner Just a couple weeks before Hurricane Mathew hit Hunting Island and closed her for almost 2 years I did a sunrise hike to "Little Blue" cabin for some pictures. It was such a moving sense of serenity and renewal. Sadly, "Little Blue" was a casualty to Hurricane Matthew and beach erosion.

at 13:52:15 on 12/09/2021 UTC

Allison Kirkland Bryan One of my favorite camping memories is at Edisto Beach State Park. We camped in the Live Oak campground. Family and friends came to visit. We walked the trails and enjoyed sitting out looking over the marsh under the palm trees. In the evening we drove to the sound to watch a beautiful sunset. Being outdoors at the park made it very special.

Cortney McDugald Lowman Long ago an experience was had by the Lowman family of four at Oconee State Park. It was our Maiden tent camping voyage and boy did we have a lot to learn! We started out with no rain fly on the tent so we could take in the stars and up came a torrential down pour round about 2 am. With two adults and two little kids it was quite the feat to cover up in a hurry! While there we enjoyed the amenities including line dancing and a frog catching competition! Not one for frogs, I still gave it my all and the kids had a blast! Great memories for sure!

Jessica Terry We love all the SC state parks , we have camped at 6 of them so far and everyone is so nice. But I would have to say that my favorite camping trip was camping along side the Missouri River in Nebraska the entire month of November. We actually got side swiped by a hit and run driver coming through Atlanta and it totaled our camper. It was a headache first 2 weeks but insurance was a breeze and the next 2 weeks we were in our new bigger camper. I'm blessed we are ok and survived what would a been a terrible wreck but my hubby kept control and now we are in a 34ft from a 19in. Top pic is our 1st camping trip at Santee. Will always remember our 1st ever camping trip with SC state parks. ❖❖❖❖❖

Recently, I camped at Dreher Island and Colleton State park with my husband. I think making s'mores by the fire is always my favorite part.

Sandy Googe Favero We have just started camping. I want to hit all of the SC State Parks. My favorite memory happened at Calhoun Falls. We had the door to the camper open and we hear squealing. We look out side and see my 16 year old daughter running with our German Sheppard. She is laughing and playing acting like a kid. My heart was full. To see her let her guard down and have fun after not wanting to take the trip.

Deb Nahikian Oh, can I enter more than once? I'm an Ultimate Outsider and have camped at many of SC State Parks. Loved them all so hard to choose favorite. I will choose my camping trip to Edisto State Park right before Christmas. It was a last minute trip and I jumped at availability of a campsite at Edisto. Perfect weather, cool at night but not uncomfortable. Could hear the sound of the waves while I was in my camper. Saw Dolphins mudding. Meet many wonderful fellow campers. Recommend breakfast at the BiLo deli counter. Way more than I could eat for \$5 which I ate watching a beautiful sunrise over the ocean.

Nikki Thompson We try to hike waterfalls so the kids are motivated to finish the hike. One day it was pouring rain so obviously being stuck in a tent was going to be boring. We decided to hike the trail anyways and just bear with the rain Bc it was just rain no lightning. It involved even walking through creeks that were once just a simple hop over a rock. But looking back on the day it was the best weekend ever. The smiles on my kids faces were the absolute best Bc despite soggy shoes, socks and being drenched they were making memories and enjoying family time outside.

Michelle Sprouse My favorite memory is from my nieces 3rd birthday party (we always go camping for our children's birthdays) This was at Croft State park...one of our favorite campgrounds....our kiddos got to enjoy 4 days of swimming....hiking through the woods... campfires and s'mores..but even better was the time camping allows our families to be together!

Rosemary Coulombe Villatoro My most favorite camping memory was with my crazy funny uncle who always pranked me in the park. It started out peaceful but then we went fishing. I

thought great! Nope. We were on a short low bridge where the biggest catfish were and he told me to roll up my pants and get in. Little did I know that catfish bite! Lol well I got bit by quite a few and quickly jumped out. Trying to trust my uncle after this he wanted to go canoeing. I agreed thinking this was really gonna be fun. Well shortly after getting in the canoe he started rocking the canoe back and forth. Well here we go again with the next prank. He rocked it just a bit to hard and I went over! Cold and wet but my uncle's laughter took over my anger and I busted out laughing. I don't have too many good memories of my childhood but camping with this man was a load of fun 🤪

Amanda Fisher We spent our 6th anniversary camping at Devils Fork with our dogs. We rented a boat and took them to see the waterfalls. Our lab used to hike with us, but she is 12 now. Camping is a great way to spend outdoor time with her that her knees can handle!

Emily Jones Holley One of my favorite memories that makes my family laugh is last year for Thanksgiving we were camping at Lee State Park. We were enjoying a bike ride, but it had recently rained a lot. I had just purchased new tennis shoes and I did not want to get them muddy. Some of these puddles were very deep! So I took off my tennis shoes and did the entire loop bare footed. My family thought I was crazy, but we laugh about it every time we go for a bike ride now. Especially after a rain.

Dawn Bennett Table Rock State Park this past October was picture perfect in every way. From kayaking at the break of dawn in the mist as a flock of geese honked their way around a corner and then appeared in perfect V formation directly overhead with the mountain in the background, to hiking the creek trail and launching my paddleboard on the other side of the park. Memories that will last a lifetime. Can't wait to go back!

at 14:22:45 on 12/09/2021 UTC

Diana Parrish I have many great memories from camping. But the one that has been the funniest by far is at Hickory Knob. My husband, myself and a friend were sitting outside enjoying a fire when I noticed something out the corner of my eye. Although cute and fuzzy this little black and white Critter made two grown men jump up and run for cover. (I wasn't far behind them lol) The thought of having its wonderful aroma make our presence was not something we were gonna let happen so we just watched from a distance while it took over our site looking for something to eat.

Heather Sughrue Yates One of our favorite trips was to Oconee State Park in June of 2019. We rented a cabin and had a blast at the lake especially when the diving platform was open. We rented the pedal boats one time too. The walk around the lake was lovely. My husband fished most days. Plus it is close to Issaqueena Falls/Stump House Tunnel, perfect for a visit to see nature's beauty as well as other hiking trails, waterfalls and local towns. We visited both Oconee, SC and Highlands, NC while staying at Oconee State Park that trip. My daughter and her friend enjoyed using their hammocks in the trees by the cabin.

at 14:25:26 on 12/09/2021 UTC

Barbie Bright I think my favorite memory was Hamilton Branch State Park! We camped for 4 days and we had such an amazing time. We fished, laughed, learned how to kayak and even rented a pontoon for 8 hours on the water. The park is beautiful, clean and so much to explore. Also, visited Redcliff Plantation..if you never been it is a must!

Karen Kinard Walsh I just shared this with my son this week. Rivers bridge state park is my favorite.

When I was younger we always went to the re-enactments there. And the place my mom work had a family day there every year. So many wonderful memories****

What I told my son was

We camped out there once and I walked up the back trail towards the cemetery area. I just laid back on one of the hills that were built for soldiers to hide behind. I will go to my grave believing I heard a cannon go off while I was there.

I also love the way the swamp is described (I cannot remember who says this part...sorry) "The Indescribably Ugly Salkehatchie"

I live about 30 minutes away. We spend easters there sometimes with a picnic and hunting eggs.

And I go to first day hikes sometimes. #riversbridgestatepark

Jennifer Kinley We have many favorite SC state park memories but my favorite will always be getting married at Table Rock State Park. I have always loved the area! Growing up we had our family reunions there and it was like a vacation every year as we didnt go on many trips. I always knew I wanted to get married at The Lodge. We now have so much fun taking our daughter there! She camped there for the first time last year and we have 2 more camping trips booked there. She loves the area just as much as I do and has so much fun! This is a tradition I hope she continues to pass on to her kids one day!

Teresa Stancil-Gill This is my favorite memory by far. This is my husband one week after a heart attack and 4 days after he had 2 stents put in on the lake trail at Table Rock State Park just last month. The doctors said it would be fine to camp so he went for it. We hiked 10 miles in 3 days and felt absolutely blessed he was there with me and 5 kids. PS, its a beautiful park and we had a great time!

Sandra Nabors Five nights at myrtle beach state park we love it there. Everything is so peaceful and quiet. But let me tell you the creatures were stirring that fourth night there. The raccoons had a party on our camp site. They even got into our ice chest. Never expected that. They took absolutely everything but the mustard. They must not like it. They ate every morsel if extremely hot sausage. It was so funny and memorable because it's the only time we left a day early from camping. They ran us right out of the woods. We have went back camping with bungee cords and rope to secure our ice chest. I have no picture of the trash thru the woods nor of the raccoons as they ran chattering when we came out. But here is a picture of the sausage they ate. They must be some really big fat coons at myrtle beach state park.

Alana West Just one favorite memory?? Our favorite park is Edisto. Our very first time camping there was in July 2019. We experienced things that one week that folks wait a lifetime for: turtle laying eggs, eggs hatching, shooting stars, ghost crabs, and so much more. Every year is just as magical: King Tide, Super Moon, boat rides around the river to the big bridge, Flowers, Kings Market, stumbling upon friends, bike rides in the rain, the Happie Truck and Charlotte, fishing, pluff mud, day trips to other state parks, the candy store, the market, ... I could go on and on and going through the pictures looking for one to add here make it all come to life again. Thanks for the memories! We're looking forward to making more at Edisto and many other parks in 2022!

I brought my daughters puppy Harvey along both times and he loved exploring the beach, trails and made a lot of friends. Since those first 2 trips I have made a half dozen more week long trips camping around the state. The magic of the state parks captured my heart and soul that I bought a home near Barnwell another awesome park. Every facility Santee, Colleton, Barnwell, Edisto, and many more made me feel at home with so many new friends. All I can say is Thank You.

Amber Wilson Our first family camping trip was to Devil's Fork State Park for Father's Day. Dad lugged all our gear for five people for two nights. He rushed to put up the tent before a downpour. It was hot, we were drenched but we still had a great time. The kids loved jumping into the beautiful blue water right from our site. We spent the days floating on the lake and the evenings making dinner and s'mores on the fire.

Martha Hopper Compton We completed our Ultimate Outsider journey in 2018 as a family New Year's resolution. It was amazing and continues to be one of our family's greatest experiences. We frequently go back and visit our favorite parks.

at 15:19:45 on 12/09/2021 UTC

Sarah Oswald Scott My mom and I went camping, just us, at Oconee State Park when I was around 12 (34 now). We had stopped and gotten groceries including a bag of cookies as a special camping treat. We were going to set up the tent and camp then enjoy these cookies as a reward for all the hard work but while we had our backs turned a squirrel jumped on the table and stole the whole bag of cookies... What a bummer! I fondly remember that trip just us girls though, with or without cookies, it was great

Diane Taylor As a young girl every year we always went to Little Pee Dee State Park. We loved every family reunion we had. Then we fell away and quit with them. Then this year we went in January and loved every minute of it. And we planned to go back for Thanksgiving. Then in August I lost my husband. And I wasn't sure if I could handle going without him. But our girls wanted to go. So we did. And we had a great time and beautiful weather. We are looking forward to going again soon hopefully. Here's a picture of the beautiful lake there.

Brad Detandt Father's Day 2020, my children gave me a State Park Pass and we began our journey of becoming Ultimate Outsiders. This past summer, we let them choose any park they wanted from the book as our family vacation and they all unanimously chose Hunting Island because they had never seen or climbed a lighthouse. We visited Hunting Island in August and quickly fell in love with everything about this park. Climbing the lighthouse was our favorite memory closely followed by seeing alligators and an eagle on the same day.

Mir Gore So hard to choose one as I have been camping since I was a kid! I have a special place in my heart for the outdoors but I am going to go with my memory at Lake Hartwell. I remember getting there in the early afternoon and it was get colder by the moment but I built my fire and warmed up fast. My Italian Greyhounds were with me and although they get cold fast, they enjoyed snuggling up by the fire. I remember adding some colored flames to my fire which were really pretty as the sun was going down. Sometimes it's really nice to disconnect. I just remember that inner peace feeling of being in my happy place. The outdoors and nature provide that for me. Choosing one moment is so hard to narrow down but what I do know is I have never been camping and not made memories. From setting up my tent, building fires, kayaking, hiking and everything in between it all contributes to those memories. I look forward to my next trip in the great outdoors.

Alex Leibowitz We stayed at Givhans Ferry State Park for almost two weeks this summer and loved every day of it. We enjoyed the river with our kayaks. Also each day we would travel to a different state park while working on the Ultimate Outsider Challenge. We visited Woods Bay and kayaked the trail. A fish jumped into my kayak with me and scared me to death. We went to Santee, Huntington Beach, Hunting Island, Edisto, Charles Towne Landing, Colonial Dorchester, and Hampton Plantation. We visited Georgetown and Beaufort also. We rode our bikes on The Spanish Moss Trail in Beaufort. We discovered the Darrah

Hall in the Reconstruction Era National Historical Park and Fort Fremont. A busy two weeks but so fun and memorable. My husband and 11 year old daughter saw all of this with me.

at 17:50:34 on 12/09/2021 UTC

Hailey Coggins Dill We haven't been camping but a handful of times. It was about 8 years ago, but the memory still brings me so much joy and laughter. We went to Camp Croft since it was close to our home. First time tent camping for my girls. We endured a huge thunderstorm and 4 of us slept on one air mattress. But we laughed, we ate the best s'mores by the campfire and just enjoyed family time. It's still one of my most precious family memories.

Sarah Watson Towery We camped at Lake Hartwell in October and thoroughly enjoyed our experience. We hiked, talked about everything & nothing, spent time around the campfire singing 60/70 TV show songs, played board games, and distressed. We even took a day to visit the other SC state parks in the area since it was our first trip camping in the upstate. I

had a great visit with one of the young female park rangers at Lake Hartwell but the #1 reason I chose this trip over others is because it is the trip where we decided not to put off camping at SC state parks more during every year. We have already booked our next five visits for 2022!

Esther Wagner How to pick just one? A quiet sunrise at Hunting Island? A crisp fall hike at

Table Rock? Dusk casting shadows on Lake Hartwell? Our state parks are sparkling jewels decorating the landscape and our lives. Which moments are best? The calm beauty of nature or the exhilarating outdoor adventures? My favorites have to be the laughter. Just hanging out with loved ones that leads to funny moments I hope never to forget. This one at Sadler's Creek began with the simple mistake of sitting on a log for pictures. Unfortunately, the log sloped down into the lake and I was stranded for a few hilarious moments trying to stand back up. My sister and nieces definitely wanted copies of these pix!

Alyssa Yancey We've made so many amazing memories at our state's state parks since we started working toward becoming #UltimateOutsiders in 2018. But, if I have to choose one, then I'd say coming to the top of the boardwalk at Edisto Beach State Park and seeing my then 3-year-old's face light-up when he saw a massive double rainbow over the ocean was pretty special! Both my sons are "rainbow babies" (they were born following miscarriages), so rainbows hold a very special place in our hearts! Watching my son sit on the beach and soak up the beauty around him really made me appreciate how lucky I am to have my beautiful family and the opportunity to explore our state with them!

Amanda Campbell This year my 8 year old son and I started camping. This picture is from our first camping trip to Andrew Jackson State Park. He and I have made so many wonderful memories this year. We are working on becoming ultimate outsiders. We've been to 15 parks so far! We've camped at 6.

Meg Fogleman Experienced Sesquicentennial State Park and Poinsett State Park for the first time this year, had a blast in the primitive camping areas! Both are beautiful parks! Enjoyed the bike trails at both parks and kayaking at Sesqui. Thanks SC for providing such beautiful places for everyone to enjoy!!!

Amanda Guyer We love exploring the SC state parks and making family memories together! One of our favorite memories was geocaching at Givhans Ferry State Park, while on the trail there my daughter found one of the caches and inside was a little park medallion for Edisto Beach... which became our next destination to plan a camping trip for. Fun family memory for sure!

Kathy Lindsay Cox Camping at Keowee-Toxaway State Park with my husband this past May. It was a bit more of a hike to reach our campsite than anticipated but the surroundings were worth every step. Perfect weather, peaceful surrounding and waking to early morning songbirds made this a special weekend and lasting memory.

Christy Mervine We have spent the last 3 years as a family in a state park cabin for Thanksgiving, and this year was no exception. This year we stayed in cabin 12 at Table Rock State Park. We woke up Thanksgiving morning to two deer grazing right outside the cabin window! We cooked a full feast, and the food was wonderful. But the 5 uninterrupted days in nature with our 6 children (and no wifi!)? The exploring, hiking, board games, and puzzles and just the family connection? Absolutely priceless :)

DeAnne Wilson Camping at Cheraw State Park this past February. It was SO COLD and sleet/rain. It was the first time we used the heater in our camper and realized the company didn't cut a hole for the heat to blow out so husband had to fix it. We played a lot of games and just got to hang out as family. There was about an hour break in the rain that we got to explore! I'm ready to go back when it isn't freezing rain. 🤔 It was a trip we'll never forget!

Wanda Lance Edisto Beach State park, not only have I got to experience seeing a momma sea turtle as she came up on the beach to lay her eggs, I have also had the pleasure of seeing a nest "boil" and hatchlings.... the wonderful girls monitoring the nest allowed me to walk with the last one down to the ocean. I was thrilled!

Dawn Rhodes Hiking and camping at lake Greenwood state park. So many happy memories there. I got engaged there 30 + years ago. Many days of my youth there. Party's with my grandparents and relatives and now Party's with MY grandchildren there. Learned to ski there. Many boat rides and fishing. Hikes with my children and grands are the best! And now camping with my children and grandchildren. Oh and ran my first ever half marathon there!

Carolyn Jane Sept 1, 2019 Hauled our trailer down to Huntington Beach State Park for Labor Day weekend. Our Jeep Grand Cherokee broke down (cracked engine block) in Clinton SC. We spent the night at a gas station while our Jeep got towed to a local dealership. The next day we learned the fate of our Jeep was that it was totaled and we ended up walking away with a brand new Ram 1500 pickup truck. Continued down the road, setup camp and our trip was cut short due to Hurricane Dorian. The park closed, and we joined tens of thousands of people fleeing the coast - the most expensive camping trip ever! Photo caption: "Waiting for Dorian".

Ed Outen Villa #5 Dreher Island. We find a state park every year and rent a villa in early December. We have our kids and grandkids down for early Christmas celebration. Great time for all of us and the park is great for all ages.

Beth Milam Willey My favorite camping memory started off bad...real bad. We were at Edisto beach tent camping right on that circle by the ocean. Late afternoon we noticed the sky getting dark...and the all the campers started closing down their awnings and the site was like a ghost town. Little did we know a huge storm was brewing!! The storm was so bad it was trying to lift our tent off the ground like a kite! We closed it down and started piling coolers on top! People from all around their campers started to notice our distress and came out with more stakes (which just pulled right out of the ground) and tarps to cover our now rain soaked belongings. Another camper offered my 2 year old son and I respite while we watched the team try to salvage our site. Long story short we ended up packing up our entirely soaked site at 3am with the help of my parents and heading home. We returned for part two of our week long trip in a rented motor home! We enjoyed the rest of the week riding bikes, watching a sea turtle come up to nest, building endless castles and eating too many s'mores! The way all the campers were so quick to help a family in need was amazing. My son's bike got run over during the crazy storm and another camper gave him his bike that he had outgrown when we returned. We always find new friends when we camp!

Joanna Arnold August 2020, our first time camping in a SC State Park. We stayed in a cabin at Table Rock and hiked to the top. We set a goal to visit all of the state parks in one year. We became Ultimate Outsiders this September!

Lori Budgell One of our most memorable trips, was at Croft State Park. We have hiked in every park, but this early morning hike found us eye to eye with this little guy. He was sitting on a tree branch that hung over the trail just a few feet above our heads.

Miranda Melton Barton We started visiting Hunting Island State Park several years back when my teens were still at home, and we all loved it so much that it became our favorite place to go. Last year since it was now 3 of us, and my tent is small I suggested camping. We went, and had an awesome time this year, and last. We found sand dollars, a star fish, and seen dolphins from the now finished pier. When you are so excited that even if you get there so late it is dark, and you see deer & stroll to the beach, and we didn't even care that air mattress wasn't all the way inflated. I saw my 7 year old at the time reel a fish in. The marsh boardwalk is also very beautiful! We've seen it changed from year to year, and family pictures out there. We've all enjoyed climbing the lighthouse even myself as scared as I was, and having had my feet broken before. This time we even got painted rocks. We saw sunrises & sunsets that dreams are made of, and my youngest went walking with me late at night, and very early to look to see if the sea turtles hatched. I got a great picture of a tri colored heron. I've seen beautiful butterflies, and shore birds as well as pelicans, and found a tiny little type of sunflower. My older kids still go visit here. This is such a beautiful place for memories, but just make sure you have bug spray. Can't wait until we go again!

at 22:16:17 on 12/09/2021 UTC

Kathy Wright Our kids grew up camping at Devil's Fork. In June, their 3 families and my husband and I camped there for three days. Not often that all 10 grandkids get together. Swimming, canoeing, campfires, fishing—something for everyone. Unanimous decision that this should be an annual event.

at 22:25:38 on 12/09/2021 UTC

Sean Barnette The time we spend at Oconee State Park at the end of every summer has become a family tradition. One of my favorite memories from a few years ago was of walking around the lake at sunset, watching my boys toss weeds into the water to make ripples. Just a perfect day.

Miranda Melton Barton Wow! I enjoy seeing everyone's comments, and pictures! I've been camping at Table Rock with my sis, but struggled with migraines, and have gone back for quick visits with my youngest. Beautiful! I also got to camp with my cousin's family at Kings mountain state park, and that was a lot of fun especially with the way he cooks (yum) & my girl enjoys camping with cousins. We love Hunting island! We went through & visited around 9, or 10 so far. We have already come up with ideas of other places we want to camp. This helps even more.

JenniferandJp White In June 2021, we were camping at Edisto State Park and saw a mama loggerhead lay her nest. It was amazing. The next day we met the turtle crew and watched as they relocated a nest. They answered all of the questions my kids asked. The whole experience impacted my daughter the most. She had a sea turtle birthday party and attended a sea turtle class at Huntington Beach state park on her birthday. She also chose sea turtles as her environmental project at school and educated her class on how to protect the sea turtles.

Kelly Acker Rodes This is my favorite memory, but not my best ha! I went primitive camping with my then boyfriend years ago at Table Rock. It was my first real camping experience. It was terrible! It was dark when we arrived. So hot. I almost ran into a massive writing spider web that scared the mess out of me. And it was so wet we couldn't get a fire started. BUT, in the end it ignited something in me to try again. 20 years later, I've been married to my boyfriend for 18 years and we love the outdoors. I've backpacked several trips over the years and we have taught our kids to love the outdoors as we explore the many State and National Parks together!

Crystal Mullis I have to pick Table Rock because I have gone there twice this year. First time, I went was with a friend to hike up to the Pinnacle Summit to train for a Mount Mitchell backpacking trip I was going on later in the year. Don't tell Mt. Mitchell but the views are better at Table Rock State Park. Second time, I went was a camping trip with my parents. They are lovers of nature, camping, and hiking like myself and I always appreciate the memories I have with them camping and hiking. Even though we picked a rainy weekend, I had a ton of fun sitting under the easy up eating delicious food and playing Sequence and 313. If you haven't played 313, you should! The competitive side comes out in my family when we do! We visited the beautiful Carrick Creek Falls and even did some fishing the rain! I recommend Table Rock to anyone who wants to hike or camp!! How can you not love a

place that has views like this!

Sheila Marie Cheraw State Park is my favorite so far. I've been there many times but this year was the first time I had someone to kayak to the end where all the Cypress Trees! We had a blast... camping, fishing, hiking and kayaking.

Toni Cato-Steger Oooo to many good memories camping but I'll pick 1. My sister and I camping in an ol canvas tent at Hamilton Branch State Park with our moma and daddy back in the 80s. She got sunburned cheeks so we called her "cheeto cheeks". We still refer to it 35+ years later.... "Wear your sunscreen, you don't want cheeto cheeks. "

Jill Crothers Cheraw State Park holds so many great memories of camping, hiking, kayaking, and golfing. It is our favorite park for sure! I'll never forget my best round of golf on a beautiful summer day; then, later that night a trip to the local hospital to have emergency gall bladder surgery. You would think that surgery would dampen my fondness but without hesitation Cheraw State Park is a true gem for us!! Can't wait to camp and golf again soon!

Suzie Doscher As so many others have said, there are so many great memories that it is hard to pick!! Favorite park is Cheraw State Park so I will start there. Our kayaks were on the edge of the lake right near our RV. We paddled passed the golf course, beavers, beautiful flowers, fish jumping, cypress trees and two osprey high in their nest. Wonderful paddle!!!

Olivia Barnes Laird We LOVE Dreher Island State park. My family goes every Oct! My favorite memory is watching my dad teach his grandkids fun things like fishing and kayaking.

at 2:24:01 on 12/10/2021 UTC

Marie Jenkins Kinard I grew up going to a church camp that was about a mile from Table Rock State Park. We would swim in the lake and hike to the top every summer. It was the thing I looked forward to the most! Since then I have gotten to share my love for Table Rock with my two boys. We live a few hours away but enjoy going at least once a year. ❤️❤️

Kelly Smith Scruggs My favorite would be at Lake Hartwell years ago with my in-laws. Watching our children having fun, exploring nature brought back childhood memories of my own. I knew that I wanted to start saving up for our own camper to start making our own memories. We finally got to that point this past Spring. I don't have any pictures handy of the trip(s) from the past, but looking forward to posting of our future trips. I have several already in mind & looking forward to camping out a few time close to our sons college.

John Edward Jussely Davis We started camping at Edisto at least 13 years ago. Have enjoyed Hunting Island and Huntington, but Edisto is our favorite. Timothy Oliver Took my boys to myrtle with my family then turned around and went to huntington Beach for a week and it was well worth the trip. I met awesome people who told me everything I needed to make the most of my trip and I did it without spending a lot of money. I took them crabbing and that was the funnest thing in the world they absolutely loved it and didn't want to leave
This is by far the most recommended vacation it's calm quiet and not near as crowded. Huntington Beach is a hidden gem.

Elizabeth Burdette Morton We were camping at Calhoun Falls State Park a couple of years ago when a storm came through, tornados to be exact. We decided it would be safer to stay and take shelter in a bathhouse than to be driving through the storm. I know that doesn't seem like a happy memory but we talked and laughed for what seemed like hours in that bathhouse. It was one of my favorite "family nights" that year☺ The next morning we were the only family left in the park👩 but nothing was damaged so we made the right call for us!

Patsy Davis Fields Hunting Island State Park - more visits than I can count. Camped in the summer with my friend and her family in their pop-up. Day trips with my church youth group. Finally, taking my son and climbing the lighthouse with him. It's just a wonderful place filled with many, many memories.

Steve Czaikowski Poinsette State Park. My 13 year old son politely asked the ranger for fishing advice. What bait works well in the lake? What might he catch? The ranger informed my son that he'd been fishing the lake for three years and has never caught anything decent. There were rumors of people catching a bass once in a while, but he'd never actually seen one caught. The ranger told him just to enjoy the fun of fishing but not to expect to catch a thing.

Hali Lucas Swofford Some of our favorite memories at SC State Parks are spent at Lee State Park. We have spent Thanksgiving there for the past 20 years. We cook our turkey in a bucket, spend time riding the golf cart and just enjoy spending time with family. The children love to see the horses since it is an equestrian park and once even got to ride a bull. We already have reservations in place for next Thanksgiving.
